SCHEDULE B

SPECIAL TITLE MATTERS

(a) Assignment from Gulf Atlantic Corporation to Phillips Petroleum Company dated February 12, 1965, filed February 12, 1970, Official Records Book 442, page 519, of land purchase option agreement dated August 17, 1964, from M. G. Gammage and Celia V. Gammage, covering land in the above sections and providing, among other things, that if Phillips purchased the lands [which it thereafter did] Phillips must pay to Gulf Atlantic

"... as a royalty an amount equal to 5¢ for each dry short ton of phosphate rock exceeding 54% BPL mined each calendar year by Phillips from the [land]. For the purpose of calculating the number of dry tons of phosphate rock exceeding 54% BPL mined each calendar year by Phillips, it shall be assumed that Phillips has mined 80% of the phosphate rock exceeding 54% BPL estimated to be in place in the area mined during such year based on the prospecting data obtained and used by Phillips. The royalty payment shall be made on or before the last day of January of each year. Gulf Atlantic shall have the right to inspect Phillips' prospecting data and at periodic intervals receive information as to the area mined to verify the amount due Gulf Atlantic."

(b) Conveyance from Phillips Petroleum Company to Gulf Atlantic Corporation dated April 8, 1970, filed July 20, 1970, Official Records Book 461, page 669, of royalty interest [the same as the royalty interest identified in subparagraph (a) above] with respect to land in the above sections and confirming the royalties provided for in the assignment instrument identified in subparagraph (a) above.

2. Oil and gas royalty reservation. Day, Sections 27, 28, 33, and 34-37-22. Reservation under warranty deed from William A. Day and John R. Day, as surviving trustees under the last will and testament of Lee Sumner Day, deceased, to Phillips Petroleum Company, dated and filed January 10, 1967, Official Records Book 309, page 49, covering the W-1/4 of Section 27 LESS the north 40 feet thereof, and all of Section 28 LESS the north 40 feet thereof, and land in Sections 33 and 34, of

"... a royalty, equal to one-eighth of all oil and gas in and under and which may be produced from the... land by [Phillips], its successors or assigns...".

and providing that
"... in the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent lands and within 330 feet of and draining the property herein conveyed, [Phillips], for itself, its successors or assigns, covenants and agrees with grantors that it will drill, or cause to be drilled, such offset wells as a reasonably prudent operator would drill under the same and similar circumstances."

The royalty reservation is limited to oil and gas (the reservation does not pertain to phosphate or other sedimentary minerals).

3. **Right-of-way easement to Gill over the south 20 feet of Section 29-37-22.**

   Conveyances by Vonzille [or Voncile] Teuton and Dan Teuton, her husband, granted to Earl Gill and Freida P. Gill, his wife, of

   "... a right-of-way easement over and across the south 20 feet of Section 29...
   . for ingress and egress to property owned by [Gill]."

4. **Right-of-way easement to Teuton over the south 20 feet of Section 29-37-22.**

   Easement given by Amax Chemical Corporation to Dan Teuton and Vonzille Teuton, husband and wife, dated September 23, 1986, filed October 3, 1986, Official Records Book 1159, page 3341, over the south 20 feet of Section 29. The easement is for the purpose of ingress and egress and utility service to all of Section 30-37-22.

5. **Platted streets.** Possible rights or interests of third parties in and to the streets or roadways in Eckel and Eckel Addition to Pine Level Subdivision, Plat Book 4, page 40, DeSoto County, in the SE-1/4 of SW-1/4 of Section 2, Township 37 South, Range 23 East, as described in Schedule A, (Wayne Avenue, Mercer Avenue, Laurel Avenue, Callahan Street, Adler Street, and Marshall Street).

6. **State Road 70.**

   (a) **Sections 5, 6, 8, 9 and 10-37-23.** The right-of-way for that part of State Road 70 through Sections 5, 6, 8, 9 and 10-37-23 as granted by the deeds and other title instruments or transactions identified below. Maps pertinent to State Road 70 were recorded in 1954 and 1958, in Plat Book 8, pages 7 and 16.

(iii) Special warranty deed from Lawrence E. Bowser and Elise M. Bowser to the State of Florida, dated June 18, 1959, filed July 13, 1959, Deed Book 271, page 290, pertaining to lands in Sections 9 and 10 lying south of the right-of-way of State Road 70 and within 68 feet of the survey line of State Road 70, as particularly identified in the deed.

(iv) Quitclaim deed from W. R. Stoffel, Lavinia S. Stoffel, and J. Neil Stoffel to the State of Florida, dated September 30, 1954, filed October 1, 1954, Deed Book 261, page 111, pertaining to lands in Section 6 lying south of the right-of-way of the Arcadia-Bradenton Road and within 50 feet southerly of the survey line of State Road 70, as particularly identified in the deed.

(v) Special warranty deed from Hal R. Stoffel, W. R. Stoffel, and Lavinia Stoffel to the State of Florida, filed November 25, 1958, Deed Book 261, page 575, pertaining to lands in Sections 5, 8, and 9 lying south of the Arcadia-Bradenton Highway and within 68 feet of the survey line of State Road 70, as particularly identified in the deed.

(vi) Special warranty deed from J. Neil Stoffel, W. R. Stoffel, and Lavinia Stoffel, to the State of Florida, dated November 3, 1958, filed November 25, 1958, Deed Book 261, page 577, pertaining to lands in Section 6 lying south of the Arcadia-Bradenton Highway and within 68 feet of the survey line of State Road 70, as particularly identified in the deed.

(vii) Quitclaim deed from W. R. Stoffel and Lavinia Stoffel to the State of Florida, dated September 30, 1954, filed October 1, 1954, Deed Book 261, page 113, pertaining to lands in Section 9 lying south of the right-of-way of the Arcadia-Bradenton Road and within 50 feet southerly of the survey line of State Road 70, as particularly identified in the deed.

(viii) Final judgment appropriating a right-of-way to the State of Florida for State Road 70, or for the widening thereof, in eminent domain proceedings (case no. 9182), dated November 3, 1954, filed November 4, 1954, Chancery Order Book 21, page 343, and confirming an earlier order of taking of the road right-of-way for a specified distance or width north of the road survey line as described in the proceedings.
(ix) Quitclaim deed from Frank Johnson and Hattie Johnson, his wife, and Frank G. Johnson and Stella H. Johnson, his wife, to the State of Florida dated November 6, 1954, filed January 26, 1955, Deed Book 261, page 124, covering that part of the SW-1/4 of SE-1/4 of said Section 10 lying within 50 feet southerly of the State Road 70 survey line as described in the deed.

(x) Special warranty deed from Frank G. Johnson and Stella H. Johnson, his wife, to the State of Florida dated September 5, 1958, filed November 6, 1958, Deed Book 261, page 559, covering that part of the SW-1/4 of SE-1/4 of said Section 10 lying within 68 feet southerly of the State Road 70 survey line as described in the deed.

(b) **Section 9-37-23.** Final judgment appropriating a right-of-way to State of Florida for State Road 70, or for the widening thereof, in eminent domain proceedings (case no. 9182) dated November 3, 1954, Chancery Order Book 21, page 343, and confirming an earlier order of taking of the road right-of-way for a specified distance or width (65 feet in some places and 50 feet in other places) north of the road survey line as described in the final judgment and elsewhere in the eminent domain proceedings.

(c) **Sections 11 and 13-37-23 and Section 19-37-24.** The right-of-way for that part of State Road 70 through Sections 11 and 13-37-23 and Section 19-37-24 as granted by the deeds or other title instruments or transactions identified below.

(i) Deed from Land Title Bank & Trust Company, trustee of the estate of William H. Wright, deceased, to State of Florida dated October 17, 1940, Deed Book 233, page 577, conveying, apparently in fee simple, that part of the NE-1/4 of SW-1/4 of Section 13 lying within 50 feet each side of the survey centerline of State Road 18 (now State Road 70) as described in the deed.

(ii) Deed from J. Walter Barnes, a single man, to State of Florida dated January 14, 1941, Deed Book 234, page 119, conveying, apparently in fee simple, that part of the S-1/2 of S-1/2 of NW-1/4 of SE-1/4 of Section 13 lying within 50 feet each side of the survey centerline of State Road 18 (now State Road 70) as described in the deed.

(iii) Deed from William C. Hojsik and wife, Pauline Hojsik, to State of Florida dated August 4, 1952, Deed Book 256, page 84, conveying, apparently in fee simple, that part of the N-1/2 of S-1/2 of NW-1/4 of SE-1/4 of Section 13 lying within 100 feet each side of the survey centerline of State Road 70 as described in the deed.

(iv) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida dated August 4, 1952, Deed Book 256, page 56, conveying, apparently in fee simple, that part of the NE-1/4 of SW-1/4 and that part of the S-1/2 of S-1/2 of NW-1/4 of SE-1/4 of Section 13 lying within 100 feet each side of the survey centerline of State Road 70 as described in the deed.
(v) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida dated October 15, 1954, filed October 21, 1954, Deed Book 261, page 121, conveying, apparently in fee simple, that part of the SW-1/4 of SW-1/4 of Section 11 "... north of the Arcadia - Bradenton Road..." lying within 50 feet northerly of the survey centerline of State Road 70 as described in the deed.

(vi) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida, undated, filed for record on August 30, 1955, Deed Book 261, page 144, conveying, apparently in fee simple, that part of the NE-1/4 of SE-1/4 of Section 13 and the NW-1/4 and the E-1/2 of Section 19 lying within 50 feet each side of the survey centerline of State Road 70 as described in the deed.

(vii) Deed from V. C. Hollingsworth, Jr., and Betty Hollingsworth, his wife, to State of Florida dated April 7, 1959, Deed Book 270, page 664, conveying, apparently in fee simple, that part of the N-1/2 of S-1/2 of NW-1/4 of SE-1/4 of Section 13 lying within 68 feet southerly or southwesterly and within 132 feet northerly or northeasterly of the survey centerline of State Road 70 as described in the deed.

(viii) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida dated April 7, 1959, Deed Book 270, page 662, conveying, apparently in fee simple, that part of Section "... north of the Arcadia - Bradenton Road..." and Section 13 LESS the N-1/2 of S-1/2 of NW-1/4 of SE-1/4 of Section 13 lying within 132 feet northerly or northeasterly of the survey centerline of State Road 70 as described in the deed, and those parts of the S-1/2 of S-1/2 of NW-1/4 of SE-1/4 and the NW-1/4 of SE-1/4 of SE-1/4 of Section 13 lying within 68 feet southerly or southwesterly of the survey centerline of State Road 70, and that part of Section 19 lying 132 feet northerly and 68 feet southerly of the survey centerline of State Road 70, all as described in the deed.

(d) Section 14-37-23. Deeds or other title transactions providing for portions of the right-of-way for State Road 70 through Section 14 are identified below.

(i) Instrument dated October 31, 1940, filed December 12, 1940, Deed Book 234, page 42, from Joseph Duller and wife to State of Florida granting a public road right-of-way (for a road then designated as State Road 18) through that part of the W-1/2 of NE-1/4 "... south of the East and West Coast Railway..." lying within 50 feet of a centerline described as: from a point on the west boundary of the E-1/2 of NE-1/4 of NW-1/4 [of Section 14] lying 680.4 feet northerly of the southwest corner thereof run south 65°35' east approximately 750 feet to the west boundary of the NW-1/4 of NE-1/4, and continue on the same bearing 871.9 feet to the south boundary of the NW-1/4 of NE-1/4, and continue 450 feet to a point on the east boundary of the SW-1/4 of NE-1/4 lying 237.5 feet southerly of the northeast corner thereof.

(ii) Quitclaim deed dated October 20, 1954, filed October 21, 1954, Deed Book 261, page 118, from H. P. Browder and others to State of Florida quitclaiming that
part of the E-2/3 of NE-1/4 of NW-1/4 "... south of the Arcadia - Bradenton Road...
. . " lying within 50 feet southerly of a centerline described as: from a point on the east boundary of the NE-1/4 [of Section 14] lying 505 feet north 00°44' east of the southeast corner thereof run north 65°07’ west 2207.65 feet, thence north 65°04’ west 3645.62 feet [into Section 11].

(iii) Eminent domain proceedings brought by DeSoto County, a political subdivision of the State of Florida, against Gertrude Brightwell and others in the Circuit Court, DeSoto County, case no. 9182, lis pendens filed in 1954. An order of taking dated October 22, 1954, and recorded in 1954, Chancery Order Book 21, page 340, described all or part of the survey centerline of State Road 70 in at least part of Section 14 [while the road centerline may involve part of the lands, the order of taking did not].

(iv) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida dated October 15, 1954, Deed Book 261, page 121, conveying, apparently in fee simple, that part of the N-1/2 of NW-1/4 of Section 14 lying within 50 feet north or northeasterly of the survey centerline of State Road 70 as described in the deed.

(v) Deed from V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida dated April 7, 1959, Deed Book 270, page 662, conveying, apparently in fee simple, any and all parts of Section 14 lying within 132 feet northerly or northeasterly of the survey centerline of State Road 70 as described in the deed.

(e) Recorded road maps. State Road 70 (or parts thereof) is shown on road survey maps filed November 3, 1954, and June 23, 1958, Plat Book 8, pages 7 and 16.

7. State Road 70 drainage ditch easement.

(a) Section 11-37-23. V. C. Hollingsworth and Abbie Hollingsworth, his wife, granted to State of Florida under instrument dated October 15, 1954, filed October 21, 1954, Deed Book 261, page 120, a perpetual easement for "... a storm sewer pipe line below ground level. ..." with respect to a strip of land 42.6 feet wide, being that part of the SW-1/4 of SW-1/4 and of the SE-1/4 of SW-1/4 lying 42.6 feet easterly of an easement survey line particularly described in the instrument. The described survey line begins on the survey line of State Road 70 (as then existing) and runs north 0°29' east a distance of 400 feet.

(b) Section 13-37-23. V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, granted to State of Florida under instrument dated August 4, 1952, Deed Book 256, page 57, a perpetual drainage and drainage ditch easement over that part of the NE-1/4 of SW-1/4 of Section 13 lying within varying distances of the ditch or ditch channel centerline as described in, the easement instrument. The drainage easement may be for the channelizing or rerouting of Horse Creek (otherwise a natural stream) under State Road 70.
8. **Platted streets, First Addition to Pine Level and Eckel & Eckel Subdivision, Pine Level - Section 2-37-23.** That part of the plat of First Addition to Pine Level, recorded in Plat Book 4, page 47, lying in the E-1/2 of SW-1/4 of SW-1/4 of Section 2, and the plat of Eckel & Eckel Subdivision, Pine Level, recorded in Plat Book 4, page 40, were purportedly vacated in 1969 (resolutions recorded in Official Records Book 63, pages 257 and 263). If the petitioners did not own all of the lots affected by the resolutions vacating the subdivision plats, the vacation resolutions may not be valid (Florida Statutes 192.29 and 192.30), and the public and owners of other lots in the subdivisions may still have rights to pass over the vacated streets. Title to half of the width of abutting streets (out to the centerline) may be vested in lot owners abutting those streets.

> "... when grantee has completed all mining and reclamation operations on lands owned by it in Manatee and DeSoto Counties, Florida, grantor, his heirs, successors and assigns, shall be given the right of re-purchasing the lands conveyed hereby at their then fair market value, to be determined by the composite valuation of three individual appraisers selected by grantor and grantee, or their heirs, successors and assigns. If operations for mining or reclamation of the grantee have ceased for a period of two years after operations have begun it shall be deemed that grantee has completed its mining and reclamation operations."

The deed specifies no expiration time with respect to the repurchase rights.

11. **Communications systems right-of-way and easement - Section 11-37-23.** Easement from Amax Chemical Corporation to American Telephone and Telegraph Company dated April 19, 1985, filed May 14, 1985, Official Records Book 212, page 697, and re-recorded on June 24, 1985, Official Records Book 213, page 1040, for the construction, operation and maintenance of communications systems over and under a 50-foot by 50-foot wide tract adjoining Highway 70 in Section 11-37-23, located approximately 100 feet east of the gate entrance to the property (immediately across the highway from where Florida Avenue intersects Highway 70 from the south).
12. **State drainage sewer pipeline easement, Section 14-37-23.** Perpetual easement for an underground storm sewer pipe granted by V. C. Hollingsworth and Abbie Hollingsworth, husband and wife, to State of Florida under conveyance dated October 15, 1954, and recorded in Deed Book 261, page 120, over a strip of land 42.6 feet wide lying north of State Road 70 partly in the NE-1/4 of NW-1/4 and partly in the NW-1/4 of NW-1/4 of Section 14. The survey line of the storm sewer easement strip is described in the easement instrument. The survey line begins in the right-of-way of State Road 70 and runs north. The easement strip is a strip of land lying 42.6 feet east of the survey line.

13. **Possible public road along or near west side of E-1/2 of NW-1/4 of Section 14-37-23 south of State Road 70.** Blocks Q and R according to the plat of EAST ADDITION TO NEW PINE LEVEL, Plat Book 2, page 147 (now vacated). Blocks Q and R lie in and are part of the west 440 feet of the NE-1/4 of NW-1/4. The plat portrayed streets around, and alleys through, each of the blocks. In 1976, the Board of County Commissioners of DeSoto County, Florida, adopted a resolution closing and vacating all of the platted streets to the extent that they abutted Blocks Q and R and all of the alleys located within Blocks Q and R, EXCEPT the platted street running north-south along the west side of Blocks Q and R and designated on the plat as Mizell Avenue. The vacating resolution contained a declaration that the "... status quo..." of Mizell Avenue would "... remain undisturbed..." by the resolution. The platted roadway for Mizell Avenue may be part of the location of a road that runs southerly from State Road 70, along or near the west side of the E-1/2 of NW-1/4 of said Section 14.

14. **Roadway deed to county, Section 18-37-23.** Leo H. Wilson, Inc., conveyed to Board of County Commissioners of DeSoto County, Florida, under deed dated June 2, 1960, filed August 1, 1960, Deed Book 274, page 238,

"... a strip of land 25 feet wide off the entire west side of Section 18... for roadway purposes..."

15. **Reserved royalty interest, Wilson - Section 18-37-23.** Reservation by Leo H. Wilson, Inc., under a 1966 deed to Phillips Petroleum Company recorded in Official Records Book 44, page 49, DeSoto County, of

"... a non-participating royalty interest equivalent to 1/8 of all oil, gas, and sulphur, only, which may be produced from said land..."

16. **Possible State of Florida mineral reservation - Section 27-37-23.** Murphy Act tax deeds (a) one from State of Florida (through its Trustees of the Internal Improvement Fund) to C. F. Hull and Ona Hull, husband and wife, dated April 24, 1944, filed June 1, 1944, Deed Book 239, page 435, and (b) the other from State of Florida (through its Trustees of the Internal Improvement Fund) to V. C. Hollingsworth, dated July 15, 1947, filed August 22, 1947, Deed Book 248, page 449, describing begin at the southwest corner of the NW-1/4 of NW-1/4 of Section 27, and run east 110.22 feet, thence north 208.56 feet to the POINT OF BEGINNING, run thence east 209.88 feet, thence south 207.9 feet, thence east 280.5 feet, thence north 412.5 feet, thence west 527.34 feet, thence south 202.62 feet to the point of beginning, and the east
420 feet of the west 630 feet of the north 210 feet of the SW-1/4 of NW-1/4 of Section 27, respectively, containing a reservation to State of Florida, as to lands in tracts or composite tracts aggregating ten acres or more, of title to an undivided one-half of all petroleum and petroleum products and title to an undivided three-fourths of all other minerals on or under the land included in the deed, together with the right to explore for and to mine and develop the same.

17. Possible State of Florida road reservation - Section 27-37-23. The two Murphy Act deeds identified in the preceding paragraph also reserved to State of Florida an easement for state road right-of-way purposes, 200 feet wide, lying equally on each side of the centerline of any state road existing on or within 100 feet of the applicable part of the lands on the respective dates of the deeds.

Begin at the northwest corner of Section 27, run thence south 0°32'41" west along the west line of Section 27 915.62 feet to the point of beginning, thence continue south 0°32'41" west along the west line of Section 27 613.36 feet, thence south 88°52'09" east 630.48 feet, thence north 0°05'56" east 619.86 feet, thence north 89°27'35" west 625.62 feet to the point of beginning.

The grantors of the 1976 deed had acquired various parts (but apparently not all) of the lands under conveyances recorded between 1947 and 1960. The boundaries of the various parts (six in all) do not appear in every instance to precisely match each other or match all of the perimeter boundary of the lands. Because of this, gaps and third party record ownerships in the gaps may result.

19. Description questions - Section 27-37-23. Because of vague and imprecise (and possibly defective) descriptions used in deeds appearing in the record title history, possible third party rights and interests may exist with respect to that part of Section 27-37-23 described below:

Begin at the southwest corner of the SW-1/4 of NW-1/4, run thence along the southern boundary of the SW-1/4 of NW-1/4 630 feet, thence north 375 feet, more or less, to a concrete monument, thence north 88°50'12" west 621.62 feet to a railroad spike, thence south along the section line 376.42 feet to the point of beginning.

20. State Road 72 - Section 6-38-23. State Road 72 (formerly designated State Road 220) lies in an east-west direction through the N-1/2 of Section 6, forming the south boundary of the land in the S-1/2 of NE-1/4 of Section 6. The right-of-way for State Road 72, or for the widening of State Road 72, was conveyed to State of Florida by Woodson W. Benton and Letha
WARRANTY DEED

21. **U.S.A. phosphate reservation - Section 6-38-23.** Reservation in the United States of America of all phosphate, together with the right to prospect for, mine and remove phosphate, contained in a patent or deed from the United States of America to James I. Whidden dated July 6, 1931, filed August 3, 1936, Deed Book 228, page 585, covering that part of the SE-1/4 of NE-1/4 of Section 6 lying north of State Road 72.

22. **Marketability questions - part of Sections 2, 14, and 21-37-23.** Marketability issues with respect to (a) Blocks J through Q, Pine Level Subdivision in Section 2, due to questions related to the propriety and sufficiency of plat vacation and quiet title proceedings, (b) that part of the NE-1/4 of NW-1/4 of Section 14 described as: begin at the southwest corner of the NE-1/4 of NW-1/4 and run thence south 89°06'16" east along the south boundary of the NE-1/4 of NW-1/4 440 feet to the southeast corner of East Addition to New Pine Level for the POINT OF BEGINNING, thence continue south 89°06'16" east 7.06 feet to the southwest corner of the E-2/3 of NE-1/4 of NW-1/4, thence north 0°30'38" east along the west boundary of the E-2/3 of NE-1/4 of NW-1/4 714.82 feet to the south right-of-way line of State Road 70, thence north 65°04'04" west along the south right-of-way line 8.15 feet to the east boundary of East Addition to New Pine Level, thence south 0°28'55" west along the east boundary 718.14 feet to the point of beginning, due to questions of physical occupation and the lack of current survey information, (c) the property lying between the east boundary of the SE-1/4 LESS the E-3/4 of N-1/2 of NE-1/4 of SE-1/4 of Section 21, and the fence line presently or formerly existing to the east thereof also described as: begin at the southwest corner of Section 22, Township 37 South, Range 23 East, run thence north 4°43'30" west along the west line of said Section 22 1970.62 feet, thence south 86°26'27" east 171.76 feet to fence line, thence south 0°19'0" east along said fence 1927.51 feet to fence corner, thence south 3°26'30" east 25.83 feet to the point of beginning, due to questions of physical occupation and the lack of current survey information, and (d) Lots 19 through 24 of Block H of the First Addition to Pine Level, Plat Book 4, page 47 (in Section 2), due to questions related to the propriety and sufficiency of plat vacation and quiet title proceedings and the existence of subsequent assertions of third party ownership.

23. **Reservation of rights in Board of Education of State of Florida - Section 16-37-23.** Reservations contained in a deed from Board of Education of State of Florida to Frank C. Morgan dated July 24, 1925, Deed Book 178, page 178, of (1) the right to enter the land to make or cause to be made canals, cuts, and other public works as may be necessary for drainage or reclamation of any land granted to State of Florida by the Swamp and Overflow Lands Act, (2) the right to take gravel, stone or earth to be used in the construction of any such canals or other public works, (3) the right to exclusive possession, occupation, use and enjoyment of a strip of land 130 feet on each side of the centerline of any canal, cut, sluice-way or dike constructed for drainage or reclamation, and the exclusive right to use, sell or dispose of any timber, earth, stone, rock or gravel in said strip of land, (4) an undivided 3/4 interest in all phosphate, minerals and metals on or under the land, along with the privilege and right to mine
and develop same, and (5) an undivided 1/2 interest in all petroleum that is or may be on or under the land, along with the privilege to mine and develop the same.

24. **Possible surveying and boundary questions - Section 27-37-23.** Title marketability questions (a) as to the part (if any) of the land that overlaps the north 254 feet of the SW-1/4 of SW-1/4 of Section 27 (only if the north-south dimension of the SW-1/4 of SW-1/4 is less than 1320 feet), and (b) as to the part (if any) of the land (other than the S-1/2 of SE-1/4 of SW-1/4 of SW-1/4) that extends east of the east boundary of the SW-1/4 of SW-1/4 of Section 27.

25. **State road reservation - Section 27-37-23.** Deed, commonly known as a Murphy Act tax deed from State of Florida (through its Trustees of the Internal Improvement Fund) to J. L. Hollingsworth, Jr., dated March 27, 1942, filed April 24, 1942, Deed Book 236, page 166, covering the S-1/2 of SE-1/4 of SW-1/4 of SW-1/4 of Section 27. The deed contained a standard reservation by State of Florida of an easement for state road right-of-way through so much of the land lying within 100 feet of the centerline of any state road existing on the date of the deed in 1942.

26. **Possible road - Sections 10 and 15-37-23.** Area county road maps indicate that a road may run along or near part of the north side of the NW-1/4 of NE-1/4 of Section 15, and along or near part of the south side of the SW-1/4 of SE-1/4 of Section 10, and along or near the west side of that part of the SW-1/4 of SE-1/4 of Section 10 south of State Road 70 (all in Township 37 South, Range 23 East), which road provides access to a cemetery, and which road may occupy part of the lands described herein. Noranda Phosphate, Inc., and others granted to Board of County Commissioners of DeSoto County, Florida, an easement for the road in order to provide access to the cemetery. The easement is dated November 28, 1978, filed February 2, 1979, Official Records Book 148, page 798.

27. **George T. Stonebraker and Christine Peters Stonebraker, royalty interest in the production of oil, gas, or minerals - Sections 4, 5, 8, 9, and 10-37-24.** By warranty deed dated and filed September 23, 1959, Deed Book 272, page 27, George T. Stonebraker and Christine Peters Stonebraker, his wife, conveyed land in these sections to Sarasota Bank and Trust Company, as trustee, under a Trust Agreement recorded in Deed Book 272, page 16, but reserved unto themselves, their heirs, successors and assigns, "one-half of any royalty which might accrue from the production of any oil, gas or minerals in, on or under the... [land]. It being the intent herein that grantors shall have interest only in future royalties paid, if any." By a warranty deed dated December 28, 1967, recorded in Official Records Book 52, page 279, George T. Stonebraker and Christine Peters Stonebraker conveyed to Sarasota Bank & Trust Company mineral rights and royalty interests previously reserved with respect to lands in Sections 8 and 9 excluding, however, one-half of any royalty which might accrue from the production of any oil or gas from said lands.

28. **Possible road - Sections 15 and 16-37-23.** Area county road maps indicate that a road may run along or near the south side of the SW-1/4 of SW-1/4 of Section 15 and the SE-1/4 of Section 16. The records show a judgment (in eminent domain proceedings) dated February 1, 1923, Circuit Court Minute Book 10, page 204, in favor of DeSoto County for
"a strip of land 30 feet wide on the section line from the southeast corner of SW-1/4 of SW-1/4 of Section 15. . . to the southwest corner of SW-1/4 of SE-1/4 of Section 16. . ."

which appears to include the south 30 feet of the SW-1/4 of SW-1/4 of Section 15 and the SE-1/4 of Section 16.

29. Drainage easement - Sections 15 and 16-37-23. Easement, 15 feet wide, from Amax Chemical Corporation to DeSoto County dated December 1, 1982, filed January 6, 1983, Official Records Book 188, page 886, for stormwater drainage and retention of surface water runoff from adjacent lands, upon and across a strip of land lying 7.5 feet on each side of the following centerline: begin at a point 17.5 feet north of the southeast corner of the SW-1/4 of SW-1/4 of Section 15-37-23, thence run westerly parallel to the south line of Section 15 and the south line of Section 16-37-23 1350 feet, more or less, to the centerline of Buzzard Roost Branch.

30. Mineral reservation, State of Florida - Section 16-37-23. Deed, commonly known as a Murphy Act tax deed, from State of Florida (through its Trustees of the Internal Improvement Trust Fund) to Hattie Johnson dated August 21, 1945, filed September 15, 1945, Deed Book 243, page 326, covering the NW-1/4 of NE-1/4 of Section 16, containing a reservation by the State of an undivided 1/2 of all petroleum and petroleum products and an undivided 3/4 of all other minerals, with ancillary rights of exploration and exploitation.

31. Platted streets - Section 10-37-23. The plat of KELLISON & BERRY’S RESUBDIVISION recorded in Plat Book 5, page 94, provides for a street along the west side of, and another street along the south side of, and another street along the east side of, (and occupying parts of), the SE-1/4 of SE-1/4 of Section 10, and also provides for interior streets separating Blocks 26, 27, 28, and 29, from each other.

32. Mineral reservation, State of Florida - Section 10-37-23. Deed, commonly known as a Murphy Act tax deed, from State of Florida (through its Trustees of the Internal Improvement Fund) to V. C. Hollingsworth and Abbie H. Hollingsworth, his wife, dated July 18, 1946, filed August 16, 1946, Deed Book 247, page 12, conveying Blocks 26, 27, 28, and 29 of KELLISON & BERRY’S RESUBDIVISION, containing a reservation by the State of an undivided 1/2 of all petroleum and petroleum products and an undivided 3/4 of all other minerals, with ancillary rights of exploration and exploitation.

33. Mineral reservation, Zerkle - Section 15-37-23. Warranty deed from William Howard Zerkle (recited to be single) to Lowndes Treadwell dated June 9, 1952, filed June 26, 1952, Deed Book 254, page 509, conveying the N-1/2 of NW-1/4 of Section 15, but reserving to the grantor (Zerkle) "... 3/4 of all the oil, gas and other minerals."

34. Ancient road reservation, east and south sides of land - Section 6-37-24.
(a) The entire W-1/2 of Section 6 was the subject of a warranty deed dated and recorded in 1908 from Leonard Hillis and wife to John Frank.

(b) The S-1/2 of SE-1/4 of SW-1/4 of Section 6 was the subject of a warranty deed dated March 22, 1913, filed August 11, 1913, Deed Book 90, page 240, from John Frank and Mary Frank, his wife, to Notie H. Mason, which deed contained a reservation as follows:

"... reserving, however, a strip of ground 15 feet wide along section and half-section lines to be used as one-half of right-of-way for public road."

as applied to the lands.

(c) By warranty deeds dated in 1919 and recorded in 1920, Deed Book 163, at pages 153 and 154, Notie H. Mason and husband conveyed the lands to R. M. Powell and L. E. Wortham, and in the deeds repeated the same road reservation.

(d) By warranty deed dated in 1919 and recorded in 1920, Deed Book 164, page 331, R. M. Powell and L. E. Wortham conveyed the lands to V. E. Middlebrook, and in the deed recited that the conveyance was subject to the road reservation set forth in the 1913 Frank-to-Mason deed and repeated in the 1919 (recorded 1920) Mason-to-Powell/Wortham deeds.

(e) The lands were the subject of an administrative tax deed dated and filed February 23, 1925, Tax Deed Book 5, page 258, issued in the name of State of Florida, by the Clerk of the Circuit Court of DeSoto County, Florida, to E. B. Wuthrich. The tax deed contained no reference to any road or road reservation.

(f) The lands were the subject of a warranty deed dated and recorded in 1968 from Emmery A. Wuthrich and others to New Jersey Zinc Company (a title predecessor of Noranda Phosphate, Inc.). The records show a deed dated August 19, 1968, filed August 29, 1968, Official Records Book 56, page 619, given in the name of DeSoto County, a political subdivision of the State of Florida, by persons recited to be the chairman and the secretary of the Board of County Commissioners, to New Jersey Zinc Company, purporting to quitclaim any right, title, and interest of the County in and to the 15-foot wide strips along the south and east sides of the land, as reserved in the 1913 Frank-to-Mason deed identified above, EXCEPT

"... right-of-way actually occupied by County maintained road along the east line of the [land]."

35. State Road 72 - Section 5-38-23. Area county road maps indicate that State Road 72 runs through the northerly half of Section 5. The record bases for the right-of-way are identified below.

(a) Two deeds to State of Florida for right-of-way for State Road 72, (i) one dated December 30, 1948, filed January 7, 1949, Deed Book 251, page 4, from T. E. Mizell
and Hattie G. Mizell, husband and wife, covering that part of the N-1/2 of N-1/2 and the SW-1/4 of NW-1/4 of Section 5 lying within specified distances of the survey line of State Road 72 as particularly described in the deed, and (ii) the other dated January 11, 1949, filed January 13, 1949, Deed Book 251, page 38, from Mourning Jones, a widow, covering that part of the SW-1/4 of NW-1/4 of Section 5 lying within 50 feet northerly and 70 feet southerly of the same survey line for State Road 72.

(b) A road right-of-way map with respect to State Road 72 was filed November 15, 1948, Plat Book 6, page 39.

36. **Possible State of Florida fractional petroleum and mineral reservation - Section 5-38-23.** State of Florida (through its Trustees of the Internal Improvement Fund) conveyed to M. F. Mizell the SW-1/4 of NW-1/4 of Section 5 by deed dated January 2, 1912, filed April 19, 1913, Deed Book 98, page 72, but reserved an undivided 1/2 of all petroleum and an undivided 3/4 of phosphate, minerals, and metals, with the privilege to mine and develop the same. The same land, however, was the subject of an administrative tax deed dated and filed August 5, 1940, Tax Deed Book 6, page 84, from State of Florida (by the Clerk of the Circuit Court of DeSoto County, Florida) to T. E. Mizell, which contains a recitation that it was based upon tax sale certificate no. 54 dated September 5, 1927. The tax deed contains no reference to any reservation.

37. **State Road 72 - Section 4-38-23.** Area county road maps indicate that State Road 72 runs along or near the north side of Section 4. The record bases for the right-of-way are identified below.

(a) Quitclaim deed from Katherine T. Smith, a widow, to State of Florida dated and filed March 7, 1949, Deed Book 251, page 65, covering that part of the N-1/2 of NW-1/4 of Section 4 lying within 50 feet each side of the survey line of State Road 72 as particularly described in the deed.

(b) A road right-of-way map with respect to State Road 72 was filed November 15, 1948, Plat Book 6, page 39.

38. **Sarasota Bank and Trust Company, as Trustee - reservation of easement-of-way - Section 9-37-24.** Sarasota Bank and Trust Company, as Trustee, conveyed land in Section 9 to Joe K. Burtscher and Dorothy Burtscher, his wife, under deed recorded in Official Records Book 60, page 555, but reserved an "easement-of-way" over the east 50 feet of the north 25 feet of Section 9 LESS the east 33 feet thereof. The deed does not further identify the purpose of the easement, nor does it identify the lands the easement is intended to benefit.

39. **Unnamed road over and along the east boundary of Section 9-37-24.** Deed from Sarasota Bank & Trust Company as Trustee, to Board of County Commissioners for DeSoto County, under deed dated November 21, 1963, filed December 26, 1963, Official Records Book 25, page 403, conveying the easterly 33 feet of Section 9 for the purposes of right-of-way for a road to be constructed by Board of County Commissioners.
40. Private access easement, Wuthrich - Section 6-37-24. Noranda Phosphate, Inc., and FBN Land Corporation granted to Zack A. Wuthrich and Jo Ann H. Wuthrich, husband and wife, and Alice H. Wuthrich under instrument dated April 20, 1977, filed May 6, 1977, Official Records Book 131, page 215, a perpetual, non-exclusive easement over the west 30 feet of the land as described in the easement instrument for the purpose of pedestrian and vehicular access to abutting land described as the N-1/2 of NW-1/4 of SE-1/4 of Section 6. The instrument provides that initially the easement will be located over "... the existing road now in use ..." but that the grantors (and their successors) may relocate the easement from time to time so as to permit the grantors (and their successors) to use the lands so long as the grantees (and their heirs and assigns) "... at all times have reasonable convenient access to ..." the N-1/2 of NW-1/4 of SE-1/4 of Section 6. The instrument also provides that the easement "... will terminate automatically if, as, and when [the N-1/2 of NW-1/4 of SE-1/4 of Section 6] is otherwise provided with access to a public road."

41. Possible right-of-way over the east 7-1/2 feet of the SW-1/4 of Section 5-37-24. Quitclaim deed from Benj. E. Frank and Bertha Frank, his wife, to King Lumber and Manufacturing Company dated November __, 1910, filed November 22, 1910, recorded in Deed Book 76, page 112, conveying "a strip of land 7-1/2 feet wide for right-of-way purposes on eastern boundary of the W-1/2 of Section 5." Benj. E. Frank and Bertha Frank, his wife, conveyed the SW-1/4 of Section 5, and other lands, subject to the 7-1/2 foot right-of-way, to Clarence L. Gorton under warranty deed dated March 21, 1925, filed May 19, 1925, Deed Book 190, page 138. Clarence L. Gorton, a bachelor, conveyed the SW-1/4 to Bernard Glatt under warranty deed dated July 11, 1925, filed July 25, 1925, Deed Book 191, page 216. The deed recited that the land was subject to "a certain railroad right-of-way of 7-1/2 feet off the east boundary of the W-1/2 of Section 5." Bernard Glatt and his wife, Anne Glatt, conveyed the same lands to Edward H. Sheppley, under warranty deed dated July 17, 1925, filed July 25, 1925, Deed Book 178, page 168. The deed again recited that the land was subject to "a certain railroad right-of-way of 7-1/2 feet off the east boundary of the W-1/2 of said Section 5."

42. Ingress and egress easement to Callahan over the west 25 feet of the NW-1/4 of SW-1/4 of Section 5-37-24. By deed dated December 27, 1967, filed December 29, 1967, Official Records Book 52, page 249, The Sarasota Bank and Trust Company, as trustee, conveyed to R. T. Callahan and E. Doris Callahan, husband and wife, the NW-1/4 of Section 5, together with an easement for ingress and egress over the westerly 25 feet of the NW-1/4 of SW-1/4 of said Section 5.

43. Ancient road reservation: east and south sides of SE-1/4 of SE-1/4 of SE-1/4 of Section 5-37-24. The lands were conveyed by Walter Horn, single, to Anton Medwed, under warranty deed dated and filed February 25, 1913, Deed Book 82, page 409, which contained a reservation as follows:

"... reserving however a strip of ground 15 feet wide along section and half-section line to be used as one-half of right-of-way for public road."

"..."
As applied to the SE-1/4 of SE-1/4 of SE-1/4, the reservation pertains to the south 15 feet and east 15 feet of the lands.

44. Improvement agreement affecting the SW-1/4 of SE-1/4 of SW-1/4, and the E-1/2 of Section 10, and that part of the SW-1/4 of Section 11 lying west of the Seaboard System Railroad, Inc., right-of-way - Sections 10 and 11-37-24. Improvement agreement between Noranda Phosphate, Inc., and Everett L. Martin and Jennie M. Martin, his wife, dated and filed June 28, 1979, Official Records Book 154, page 29, pertaining to the SW-1/4 of SE-1/4 of SW-1/4 and the E-1/2 of Section 10, and that part of the SW-1/4 of Section 11 lying west of the CSX Transportation, Inc., right-of-way. Noranda purchased the lands to acquire lands over which it could establish future rail access from the then existing Seaboard Coast Line Railroad (now CSX Transportation, Inc.) track abutting the land on the east to other lands then owned by Noranda situated to the west. The agreement, among other things, recites that if Noranda does not build a railroad track within 40 years from the date of the agreement, the agreement will be without further effect.

45. Possible State of Florida road reservation - SW-1/4 of SE-1/4 of Section 10-37-24. State of Florida (through its Trustees of the Internal Improvement Fund) conveyed to Maston Bates by deed (deed number 109) dated April 21, 1942, filed May 9, 1942, Deed Book 236, page 204, the SW-1/4 of SE-1/4 of Section 10, but reserved unto the state an easement for a state road right-of-way 200 feet wide lying 100 feet on each side of the centerline of any state road existing on the date of the deed.

(a) The E-1/2 of E-1/2 of SW-1/4 of SE-1/4 of Section 10 was conveyed by John Getz, Jr., and Amelia Getz, his wife, to William D. Parker, under warranty deed dated June 28, 1912, filed July 10, 1912, Deed Book 82, page 95, which contained a reservation as follows:

"...reserving, however, a strip of ground 15 feet wide along section and half-section lines to be used as one-half of right-of-way for public road."

(b) The W-1/2 of SW-1/4 of SE-1/4 of Section 10 was conveyed by John Getz, Jr., and Amelia Getz, his wife, to Leonard De Bord, under warranty deed dated July 15, 1912, filed July 22, 1912, Deed Book 82, page 105, which contained a reservation as follows:

"...reserving, however, a strip of ground 15 feet along section and half-section lines to be used as one-half of right-of-way for public road."

(c) The W-1/2 of E-1/2 of SW-1/4 of SE-1/4 of Section 10 was conveyed by John Getz, Jr., and Amelia Getz, his wife, to Leonard De Bord, under warranty deed dated August 20, 1912, filed September 25, 1913, Deed Book 102, page 28, which contained a reservation as follows:
"... reserving, however, a strip of ground 15 feet wide along the section and half-section lines to be used as one-half of the right-of-way for public road."

(d) The SE-1/4 of SE-1/4 of Section 10 was conveyed by John Getz, Jr., and Amelia Getz, his wife, to Joseph Burtscher and Lena Burtscher, his wife, under warranty deed dated April 9, 1912, filed May 23, 1912, Deed Book 82, page 30, which contained a reservation as follows:

"... reserving a strip of ground 15 feet wide along the section and half-section lines to be used as one-half of right-of-way for public road."

47. Improvement agreement affecting the SW-1/4 of SW-1/4 of SW-1/4 of Section 10-37-24. Improvement agreement between Noranda Phosphate, Inc., and James H. Turner and Nancy Turner, his wife, dated and filed June 28, 1979, Official Records Book 154, page 10, pertaining to the SW-1/4 of SW-1/4 of SW-1/4 of Section 10. Noranda purchased the south 50 feet of the SW-1/4 of SW-1/4 of SW-1/4 to acquire lands over which it could establish future rail access from the existing Seaboard Coast Line Railroad track, situated to the east of the Noranda land, to other lands then owned by Noranda situated to the west. The agreement, among other things, recites that if Noranda does not build a railroad track within 40 years from the date of the agreement, the agreement will be without further effect.

(a) The SE-1/4 of SW-1/4 of SW-1/4 was conveyed by Charles Charvat and Lucy Charvat, his wife, to William D. Petzel and Anna E. Petzel, his wife, under warranty deed dated April 8, 1925, filed April 24, 1925, Deed Book 190, page 48, which contained the following reservation:

"... less 15 feet off the east side for public road."

(b) The same lands were conveyed by William D. Petzel and Anna E. Petzel, his wife, to Miss S. Isabella Sanders, under warranty deed dated October 22, 1925, filed November 18, 1925, Deed Book 198, page 35, and the deed repeated the same road reservation.

(c) The SE-1/4 of SE-1/4 of SW-1/4 was conveyed by John Getz, Jr., and Amelia Getz, his wife, to George K. Walker, under warranty deed dated March 9, 1914, filed November 6, 1914, Deed Book 113, page 308, which contained the following reservation:

"Subject to right of way of 15 feet wide along half section lines for one half of public road."

(d) The SE-1/4 of SE-1/4 of SW-1/4 was conveyed by J. H. Schwarz (a single person), to G. K. Walker under warranty deed dated May 14, 1917, filed August 25, 1917, Deed Book 138, page 193, which contained the following reservation:
"... reserving 15 feet on the east and south sides for public road."

(e) The SE-1/4 of SE-1/4 of SW-1/4 was conveyed by George K. Walker and Angie Walker, his wife, to A. D. Shope, under warranty deed dated December 31, 1919, filed February 24, 1921, Deed Book 172, page 491, and the deed recited that the lands were subject to right-of-way 15 feet along half section lines for one-half of public road.

(f) A. D. Shope and his wife, Mary L. Shope, conveyed the SE-1/4 of SE-1/4 of SW-1/4 to W. H. Bretch, under warranty deed dated August 4, 1930, filed August 13, 1930, Deed Book 210, page 191, and the deed did not recite any road reservations. Bretch and his wife conveyed the land to Lucile E. Bodenhamer in 1937, and the deed recited that the land was subject to right-of-way 15 feet wide along half section lines for one-half of public road. Subsequent deeds in the chain of title recited that the lands were subject to all right-of-way easements or grants that have been heretofore made for highway purposes.

49. Improvement agreement affecting the SE-1/4 of SW-1/4 of SW-1/4, and the SE-1/4 of SE-1/4 of SW-1/4 of Section 10-37-24. Improvement agreement between Noranda Phosphate, Inc., and J. E. Fletcher and Barbara Fletcher, his wife, dated and filed June 28, 1979, Official Records Book 154, page 19, pertaining to the SE-1/4 of SE-1/4 of SW-1/4, and the SE-1/4 of SW-1/4 of SW-1/4 of Section 10. Noranda purchased the south 100 feet of the SE-1/4 of SE-1/4 of SW-1/4 and the south 100 feet of the SE-1/4 of SW-1/4 of SW-1/4 to acquire lands over which it could establish future rail access from the then existing Seaboard Coast Line Railroad track, situated to the east of the Noranda land, to other lands then owned by Noranda situated to the west. The agreement, among other things, recites that the provisions of the agreement will remain in force and effect so long as the Noranda parcel is used as a railroad track; but, if no such use is commenced within 40 years from the date of the agreement, the provisions of the agreement will be without further effect.

51. Other road right-of-way - Section 10-37-23. In addition to State Road 70, area maps portray another road, apparently unimproved, running along or near the easterly boundary of the lands in Section 10, apparently based upon long-continued use and maintenance.

52. Other road right-of-way - Section 7-37-23. Warranty deed from Bejo Co. Inc. to County of DeSoto, dated June 30, 1960, filed August 1, 1960, Deed Book 274, page 240, conveying a strip of land 25 feet in width constituting the west 25 feet of Section 7, Township 37 South, Range 23 East. The deed contains the following language:

This conveyance is made expressly upon the condition that the grantee shall within 6 months from date hereof construct and maintain a graded road upon the
premises herein conveyed. Should the grantee fail in that respect or having constructed said road, later abandon the same, the land herein transferred shall revert to grantor its successors or assigns.

53. **Lands in the NW-1/4 of NW-1/4 of Section 8-37-23.** The lands in Section 8 are described by metes and bounds and by reference to the right-of-way for State Road 70. The title to that part, if any, of the lands lying in the NW-1/4 of NW-1/4 of Section 8, Township 37 South, Range 23 East, may be subject to rights and interests of third parties.

54. **Outstanding oil and gas interest - Sections 6 and 7-37-23.** Deed from W. R. Stoffel and Lavinia S. Stoffel, his wife, to Eloise S. Page, dated and filed June 12, 1958, Deed Book 268, page 506, conveying all oil, gas, and minerals in part of the land in Sections 6 and 7. Eloise S. Page conveyed the oil, gas, and minerals to Bejo Co., Inc. by deed dated and filed November 12, 1959, Deed Book 272, page 257, but expressly reserving "an undivided one-sixteenth interest in and to any royalties of any oil or gas that might be produced upon said land." The deed provides that the reservation does not include the right to participate in "any rental or bonus money paid for any lease" but extends only to the specified royalty "in and to all oil and gas produced and saved."

55. **Outstanding oil and gas interest - Section 7-37-23.** Conveyance by W. R. Stoffel and Lavinia G. Stoffel, his wife, to Washington Trust and Savings Bank, Inc., Bristol, Virginia, of an undivided one-half interest in and to all of the oil, gas, and other minerals in land in Section 7, under an instrument dated July 9, 1945, filed August 8, 1945, Deed Book 243, page 155.

57. **Agreement for exchange of land.** Agreement for exchange of land between IMC Fertilizer, Inc. and Consolidated Minerals, Inc. by which IMC Fertilizer, Inc. is granted a right of first refusal to exchange land as to that portion of the lands described therein, dated and filed July 29, 1992, Official Records Book 301, page 976.

59. **Powerline easement.** Right-of-way easement 20 feet in width given by Consolidated Minerals, Inc., to Peace River Electric Cooperative, Inc., dated August 20, 1990,
filed August 23, 1990, recorded in Official Records Book 273, page 844, pertaining to the land in Sections 1, 2, 11 and 12, in Township 37 South, Range 23 East, DeSoto County, Florida.

60. **Land acquired by tax deeds.** Title to the land described below was acquired by Amax Chemical Corporation, predecessor in title to Consolidated Minerals, Inc., under administrative tax deeds dated and recorded in 1985. Title to this land based upon the administrative tax deeds may be subject to marketability issues.

**IN TOWNSHIP 37 SOUTH, RANGE 23 EAST, DESOTO COUNTY, FLORIDA:**

(a) Lots 19 to 24, inclusive, Block F, CALLAHAN'S ADDITION TO PINE LEVEL, according to the plat thereof recorded in Plat Book 4, page 39, DeSoto County, Florida (now vacated).

(b) All of the following lots located in ECKEL & ECKEL ADDITION TO PINE LEVEL SUBDIVISION, being a now vacated subdivision of the SE-1/4 of SW-1/4 of Section 2, Township 37 South, Range 23 East, DeSoto County, Florida, recorded in Plat Book 4, page 40, DeSoto County, Florida:

- Block A: Lot 17.
- Block C: Lots 1 to 4, inclusive.
- Block F: Lots 22 to 25, inclusive.
- Block H: Lots 29 to 32, inclusive.
- Block O: Lots 15, 16, 17, 18, 30, 31 and 32.
- Block P: Lots 1 to 4, inclusive.
- Block Q: Lots 12 to 16, inclusive.

61. **Land afflicted with ownership and title marketability questions.** Title to the land described below is or may be subject to third party claims, record encumbrances, and other outstanding interests:

**IN TOWNSHIP 38 SOUTH, RANGE 23 EAST, DESOTO COUNTY, FLORIDA:**

**Section 4:** That portion of Section 4 lying east and north of the east and north boundaries, respectively, of said Section 4, as determined by Cravens, included in the following description:

Begin at the northwest corner of Section 4, and run thence north 89°07'57" east along the "Carlton Line" a distance of 6,069.13 feet, thence south 2°33' west along the "Carlton Line" a distance of 2,649.53 feet, thence south 88°56'56" west 657.14 feet to the east section line of said Section 4, thence north 0°17'35" east along said east section line, 2,499.13 feet to the northeast corner of said
Section 4 (by Cravens), thence south 89°15'58" west along the north section line of said Section 4 (by Cravens) 5,306.73 feet to the point of beginning.

That portion of Section 4 lying east of the east boundary of said Section 4, as determined by Cravens, included in the following description:

**Section 4:** Begin at the northwest corner of Section 4, and run thence north 89°07'57" east along the "Carlton Line" a distance of 6,069.13 feet, thence south 2°33' west along the "Carlton Line" a distance of 2,649.53 feet, thence south 2°46'53" west along the "Carlton Line" 2,660.65 feet to a point, said point being the southeast corner of said Section 4 by Carlton and the POINT OF BEGINNING, thence north 89°21'56" west 544.44 feet to a point, said point being the southeast corner of said Section 4 by Cravens, thence south 89°37'39" west along the south boundary of said section 2,624.54 feet to a point, said point being the southwest corner of the S-1/2 of SE-1/4 of said Section 4 by Cravens, thence north 0°00'24" east a distance of 1,314.93 feet to a point, said point being the northwest corner of the S-1/2 of SE-1/4 of said Section 4 by Cravens, thence north 89°31'28" east 2,632.67 feet, thence south 89°45'09" east 600.45 feet to a point of intersection with the "Carlton Line" hereinafore described, thence south 2°46'53" west along said "Carlton Line" 1,324.71 feet to the point of beginning.

The recitation of monuments in the foregoing description is intended for descriptive purposes only, and the calls by courses and distances shall control the references to monuments.

References to corners by Cravens refer to corners established by double proportional measurement from the following section corners in this township and range established by the DeSoto County, Florida, surveyor of the same name, to wit: the common corner of Sections 5, 6, 7, and 8, and the common corner of Sections 8, 9, 16, and 17. The northwest corner of said Section 4 lying as follows with respect to such common corners, to wit: (a) from the common corner of said Sections 5, 6, 7, and 8, run thence north 88°50'10" east 5,253.32 feet to the southwest corner of said Section 4, thence north 0°18'24" west 5,240.67 feet to the northwest corner of said Section 4, and (b) from the common corner of said Sections 8, 9, 16, and 17, run thence north 0°31'36" east 5,240.83 feet to the southwest corner of said Section 4, thence north 0°18'24" west 5,240.67 feet to the northwest corner of said Section 4.

**Section 9:** That portion of Section 9 lying east of the east boundary of Section 9, as determined by Cravens, included in the following description:

IN THE CIRCUIT COURT FOR DESOTO COUNTY, FLORIDA

IN RE: ESTATE OF

Annie Mae Young
Deceased.

ORDER OF SUMMARY ADMINISTRATION
(intestate nonresident decedent)

On the petition of Ralph Young for summary administration of the estate of Annie Mae Young, deceased, the court finding that the decedent died on May 15, 1987, that all interested persons have been served proper notice of the petition and hearing, or have waived notice thereof; that the material allegations of the petition are true; and that the decedent's estate qualifies for summary administration and an Order of Summary Administration should be entered, it is

ADJUDGED that:

1. There be immediate distribution of the sole asset of the decedent described as: a parcel formerly known as Eckle & Eckle Addition of Pine Level Lots 27 and 28, Block J, Plat Book 4, Page 40, SE 1/4 of the SW 1/4, Section 2, Township 37 South, Range 23 East, DeSoto County, Florida, said Plat being closed by Resolution as recorded in O.R. The Grantor (so-called whether one or more), IMC-AGRICOMPANY, a Delaware general partnership, whose address is Post Office Box 2000, Mulberry, Florida 33860, and IMC DEVELOPMENT CORPORATION, a Delaware corporation, as trustee under trust agreement dated February 26, 1965, whose address is 2100 Sanders Road, Northbrook, Illinois 60062, in consideration of the sum of ten dollars and other valuable considerations received from the Grantee, V.C.H. CITRUS, a Florida general partnership, whose mailing address is Post Office Box 1020, Arcadia, Florida 33821, hereby grants and conveys to the Grantee the real property described on Exhibit A attached hereto and herein called the "Property."

This is a corrective deed given to correct an error in a deed from the Grantor herein to the Grantee herein dated as of May 31, 1994, and recorded in Official Records Book 331, page 47, DeSoto County, Florida, in which it was erroneously stated that IMC Development Corporation was trustee under a trust agreement dated February 9, 1967, when the correct trust agreement date was February 26, 1965.

This conveyance and title to the Property are or may be subject to (a) real estate taxes for 1994, (b) zoning and other governmental restrictions and prohibitions, and (c) the special title matters identified on Exhibit B hereto.

The Grantor (each respective Grantor separately as to the part of the Property owned and hereby conveyed by that Grantor) hereby covenants that the Property is free of all encumbrances, except as stated herein, that lawful seisin of and good right to convey the Property are vested in the Grantor, and the Grantor hereby fully warrants the title to the Property and will defend the same against the lawful claims of all persons whomsoever.
The Grantor (each respective Grantor separately as to the part of the Property owned and hereby conveyed by that Grantor) hereby reserves in and with respect to the Property, ownership of all phosphate, phosphate rock and phosphatic substances in and under the Property and any bi-products of the phosphate rock incident to the mining of such phosphate, phosphate rock or other phosphatic substances, together with full and complete rights at any time or times (except as otherwise provided herein) after 180 days advance written notice to Grantee, to mine and remove any and all such minerals and materials in any manner that Grantor in its sole discretion shall deem required or convenient and to use the surface and subsurface of the Property in any manner required or convenient in connection with mining, drilling for, removing, extracting, refining, processing, beneficiating, upgrading, treating, storing, drying, handling, shipping, transporting, selling and marketing any and all such minerals and materials so owned by Grantor, or any other minerals and materials from other lands, and for the storage and disposal of wastes and debris resulting therefrom, which rights in Grantor shall include all rights in connection with such activities to (i) injure the surface and subsurface of the Property, (ii) damage, destroy, or dismantle any improvements, crops, citrus trees, timber and all other things now or hereafter on the Property, (iii) build, erect, maintain, grant easements for, use and operate roads, railroads, electric transmission lines, communication lines, pipelines, ditches, dams, dikes, settling areas, reservoirs, storage facilities, loading and shipping facilities, washing plants, flotation plants, and other beneficiation treatment facilities on the Property, (iv) make consumptive and other use of water on or from the Property and drill and use water wells thereon, and (v) use the Property for the disposal of tailings, sands, clays, slimes, and other wastes resulting from, and for any other purpose related to, the mining, drilling for, extracting, refining, processing, beneficiating, treating, storing, drying, handling, shipping, and transporting of phosphate or other minerals mined by Grantor or Grantor’s associates, successors, or assigns, but provided, with respect to all of the foregoing rights reserved by Grantor, Grantor shall have no right to exercise such rights earlier than 20 years after the date hereof. After the twentieth year from the date hereof, Grantor will have 30 years additional time period during which mining can commence. At any time up to the 50th year from the date hereof, when mining commences, then the Grantor will have 40 years from the commencement to complete mining and complete the associated reclamation and clean-up process. The rights reserved by Grantor herein shall automatically terminate at the earlier of (i) 40 years from the date of commencement of any mining operations or (ii) 90 years from the date hereof, whichever comes first. The phosphate, minerals, materials, and other rights, privileges, and interests hereby reserved by Grantor are herein referred to as the "Mineral Interest." Grantor further agrees to give written notice.
to Grantee at the time of commencement of or application for the mining permit.

Grantee recognizes that the activities of Grantor in connection with exploitation of the Mineral Interest may substantially change the elevation, contour and condition of the Property and may result in lakes, ponds, dams, dikes, and accumulations of waste materials thereon, and may impair or destroy the value of the Property, including the surface and other interests owned by Grantee in the Property, and Grantee agrees that Grantee's ownership and use of the Property, including the right to mine and extract oil, gas and other minerals as herein provided shall be inferior and subordinate to Grantor's Mineral Interest. However, in its mining and in all other activities of Grantor on the Property, Grantor will comply with all applicable governmental laws and regulations.

The Mineral Interest hereby reserved by Grantor does not include any minerals except for those specifically identified above and reserved by Grantor, and Grantee is the owner of all other minerals, including without limitation, all oil, gas, other hydrocarbons and sulfur, together with the rights, in Grantee, and Grantee's successors and assigns, to prospect, drill, mine, produce and remove such oil, gas, other hydrocarbons and sulfur, provided that the exercise of those rights is subordinate to and does not interfere with the rights of Grantor as provided for herein.

With respect to the Mineral Interest hereby reserved by Grantor, Grantor and Grantee further agree as set forth below.

1. Within the Property, Grantor has the right, in its sole discretion, to select the areas of the Property to be mined and the areas not to be mined and the areas of the Property to be used for other purposes for which Grantor is allowed to use the Property as provided herein. Grantor is not required to mine any of the Property. At any time when Grantor is allowed to mine and otherwise use the Property, Grantor may begin mining, cease mining and recommence mining as Grantor desires.

2. Prior to the commencement of any active mining activities Grantor will be responsible, at its own expense, for obtaining all permits necessary for Grantor’s mining activities and preparing a mining and reclamation plan that Grantor will present to Grantee for review and comment.

3. Grantor, at Grantor’s expense, will promptly comply or cause to be complied with, all requirements of all present and future laws, orders, ordinances, rules and regulations (including those relating to pollution or the protection of the environment) of the United States of America, the State of Florida, Manatee
County, DeSoto County, and all other governmental agencies having jurisdiction to impose any duties, obligations, or restrictions upon Grantor or Grantee with respect to the Property, the Mineral Interest, and the mining thereof, including, without limitation, the reclamation of any part of the Property as required by law.

4. When Grantor completes its mining operations on the Property, or sooner at Grantor’s election with respect to any part or parts of the Property, Grantor shall conduct, to the extent practicable and in accordance with customary industry practices and in accordance with all then applicable laws and regulations, reclamation of the surface of the parts of the Property that have been mined or otherwise disturbed to the extent that reclamation is required by law. Except as may be required by then applicable laws, ordinances and regulations, Grantor shall not be obligated to replant trees or otherwise conduct revegetation operations on the Property. Grantor’s reclamation obligations as provided for herein shall survive the surrender or release of Grantor’s Mineral Interest and shall be satisfied and discharged only when Grantor has completed the reclamation in accordance with all applicable laws, ordinances and regulations and has furnished Grantee appropriate evidence thereof.

5. Grantor shall have the sole discretion regarding the manner, method and conduct of its operations and its use of the Property, subject to compliance with all applicable laws, ordinances, and regulations. Grantor shall promptly discharge any lien that may arise against the Property as a result of Grantor’s mining or other activities on or with respect to the Property.

6. With respect to the mining of phosphate from the Property, Grantor agrees to pay to Grantee, or to such persons at such places as Grantee shall from time to time designate to Grantor in writing, payments for phosphate rock mined from the Property in the amounts and in the manner set forth below.

(a) A payment of 50¢ per short dry ton (2,000 pounds) of phosphate rock over 62 BPL produced by Grantor from phosphatic substances mined from the Property.

(b) Such payments shall be paid monthly on or before the last day of the month following the month during which the phosphate rock for which the payment is due was produced.

(c) All tonnage determinations, assays, and allocation of recovered phosphate rock shall be calculated by Grantor using Grantor’s usual business methods and procedures.
(d) For the purpose of the foregoing payments, phosphate rock will be deemed to be produced at the time it is placed in a wet rock storage pile after processing through a phosphate rock beneficiation plant.

7. Grantor shall pay and discharge all severance taxes, mining taxes, license taxes and fees, personal property and equipment taxes, and similar taxes assessed with respect to Grantor’s mining operations and mining plants and facilities. Grantee will pay all ad valorem real property taxes assessed with regard to the Property, except that if such real estate taxes applicable to the Property increase as a direct result of Grantor’s mining activities, Grantor shall reimburse Grantee for such increase upon receipt of Grantee’s invoice therefor and appropriate supporting documentation. In the event part of the Property should be used for any fixed facility other than excavation activity, then Grantor will pay all real estate taxes on such acreage occupied. Grantor’s obligation to so reimburse Grantee for a real estate tax increase shall cease upon completion of reclamation by Grantor in accordance with paragraph 4, above.

8. Grantor shall keep complete and accurate books and records showing the number of dry tons of phosphate rock produced from the Property and such books and records shall be open for inspection by Grantee and its agents or nominees at all reasonable times and at reasonable intervals.

9. Grantor agrees to and does hereby indemnify and hold Grantee harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and property arising out of Grantor’s activities on or about the Property. Grantee agrees to and does hereby indemnify and hold Grantor harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and property arising out of Grantee’s activities on or about the Property. Prior to the commencement of any mining activities, Grantor will provide Grantee with a Certificate of Insurance in an amount deemed acceptable to Grantee, naming Grantee as an additional insured, which shall remain in effect for the entire period of Grantor’s mining operations and reclamation.

10. Grantee shall have the right at all reasonable times to enter upon the Property to observe the mining and related activities of Grantor.

11. Whenever requested by Grantor, Grantee agrees to join in the execution of instruments granting to third parties easements or rights-of-way across the Property for roads, railroads, electric powerlines, pipelines, and other utilities, and
to join in any applications initiated by Grantor for the closing
and vacating of any road or street on the Property if such closing
or vacating will benefit Grantor's mining and related operations on
the Property. Grantee hereby grants to Grantor full rights of
ingress and egress to the Property over and across any access and
service roads on other lands owned by Grantee, if any, including
the right to install and maintain electric transmission lines
thereon.

12. Grantor shall not be liable for any failure or delay
in the performance of any of its obligations hereunder if and to
the extent that such delay or failure is due in whole or in part to
any contingency or cause of any nature beyond Grantor's reasonable
control, including, without in any way limiting the generality of
the foregoing, acts of God, war, insurrection, riot, storm, flood,
or other adverse weather condition, strike, lockout, or other labor
difficulty (from whatever cause arising, and whether or not the
demands of the employees are reasonable or within Grantor's power
to grant), law, act, order, regulation, ordinance, instruction or
request of government or other public authority, failure to obtain
or loss or suspension of necessary licenses or permits, or
curtailments or suspensions of operations to remedy or avoid an
actual or alleged violation of federal, state, or local pollution,
safety, health, or welfare standards as may be in effect from time
to time. In the event of the happening of such a contingency or
cause, the time for Grantor's performance shall be extended for the
time that Grantor's performance was so prevented.

13. In case of any dispute or litigation as to Grantor's
ownership of or title to the phosphate rock in or taken from the
Property, or as to Grantee's right to receive the payments provided
for herein, Grantor may withhold payment to Grantee until final
adjudication or settlement of the dispute or litigation and for a
period of up to 60 days after Grantor has received satisfactory
evidence of a settlement or adjudication favorable to Grantor and
Grantee. If the dispute or litigation is settled favorably to
Grantor and Grantee, Grantor shall pay Grantee interest on the
amounts withheld at a variable rate of interest equal to the prime
rate of interest charged by Morgan Guaranty & Trust Company of New
York during the period that the payments were withheld.

14. All notices and communications hereunder shall be in
writing and may be given by the parties (a) by mail or expedited
mail service, such as Federal Express, at their respective
addresses contained herein, or (b) by telexcopy or facsimile
transmission, or (c) by manual delivery. Notices given by mail,
including expedited delivery, shall be deemed given when deposited
with the carrier, properly addressed and with postage paid or
charged to the sender. Notices given by telexcopy or facsimile
transmission shall be deemed given when received at the correct
telephone number for the addressee. Notices given by manual delivery shall be deemed received when actually received at the address of the addressee. All notices and communications hereunder shall be addressed to the parties as set forth below.

Either party hereto may change its address for the purpose of receiving notices and communications by giving written notice thereof to the other party in accordance with the provisions of this paragraph. If the last day for giving notice or performing any act hereunder falls on a Saturday, Sunday, or other recognized holiday, the time shall be extended to the next day that is not a Saturday, Sunday, or recognized holiday.

15. Any operations or activities on the Property relating to minerals other than to the minerals included in Grantor’s reserved Mineral Interest and any taking or use of underground water from the Property shall be subordinate to and shall not materially interfere with Grantor’s rights hereunder. Grantee shall give Grantor written notice, reasonably in advance, of any such proposed operations or taking or use of water.

16. Grantor may at any time release its interest in part or parts of the Property by executing and delivering to Grantee a quitclaim deed therefor in recordable form. However, no such release shall relieve Grantor of any of its obligations hereunder. Either party may assign, lease, or otherwise transfer that party’s rights in and with respect to the Property in whole or in part
without the consent of the other party. No assignment or transfer of Grantee’s rights in all or any part of the Property shall operate to diminish Grantor’s rights. No assignment or transfer of Grantee’s right to receive payments from Grantor as provided for herein shall be binding upon Grantor until 60 days after Grantor has received evidence sufficient, in Grantor’s reasonable opinion, to establish the claim of the assignee or transferee. Upon any grant or assignment by the Grantee of all or part of its interest in the Property, then in the absence of any expression in the instrument conveying or assigning the same of the way the parties thereto shall share in the payments provided to be made hereunder to Grantee, Grantor may deposit in escrow with a bank doing business in Manatee County, Florida, all or so much of any such payments coming due hereunder as Grantor deems requisite until the parties join in an instrument determining such matters.

In order to protect the interests of Grantor and Grantee hereunder, Grantor hereby restricts the use of the Property as set forth below.

(a) No part of the Property may be mined for phosphate or any other minerals reserved to Grantor herein earlier than 20 years after the date hereof.

(b) No part of the Property may be developed for residential purposes. The Property may be used for any other purposes provided it does not interfere with exploitation of the Mineral Interest herein reserved to Grantor, it being the intention of the parties that the Property will be used only for agricultural purposes and other purposes that would not interfere with Grantor’s mining and reclamation until Grantor’s mining and reclamation as provided for herein are complete.

The foregoing restrictions shall run with title to the Property and be binding upon any and all persons having any ownership interest in the Property. The foregoing restrictions may be enforced by Grantee, or any other owner of any part of the Property, Grantor, any party who succeeds to any of the rights of Grantor, hereunder, or any other person whose interest in the Property will or may be protected by enforcement of the foregoing restrictions. Enforcement may be by an action seeking an injunction to stop or prevent violation of the restrictions, or by any other action (including suits for money damages) or means provided or allowed by Florida law.

With respect to the Property conveyed hereby and subject to the Mineral Interest reserved by Grantor herein, the Grantor additionally grants and conveys to the Grantee, but without warranties of title, all right, title and interest of Grantor in
and to all riparian and littoral rights, water rights, drainage rights, well rights, all consumptive use permits currently issued with respect to the Property, and any and all streets, roads, highways, easements, rights of access, and rights-of-way appurtenant to the Property, and all right, title and interest of Grantor in and to any and all covenants, restrictions, and agreements benefiting the Property and any and all rights and privileges in and to and pertaining to the Property.

As used herein, the terms Grantor and Grantee include and mean the parties hereto and their respective successors and assigns.

WARRANTY DEED

The Grantor (so-called whether one or more), IMC-AGRICO COMPANY, a Delaware general partnership, whose address is Post Office Box 2000, Mulberry, Florida 33860, and IMC DEVELOPMENT CORPORATION, a Delaware corporation, as trustee under trust agreement dated February 9, 1967, whose address is 2100 Sanders Road, Northbrook, Illinois 60062, in consideration of the sum of ten dollars and other valuable considerations received from the Grantee, V. C. HOLLINGSWORTH, III, as trustee of the Vernon Clyde Hollingsworth, Jr., and Betty Jo Hollingsworth Irrevocable trust Agreement dated June 24, 1993, whose mailing address is Post Office Box 1020, Arcadia, Florida 33821, hereby grants and conveys to the Grantee the real property described on Exhibit A attached hereto and herein called the "Property."

This conveyance and title to the Property are or may be subject to (a) real estate taxes for 1994, (b) zoning and other governmental restrictions and prohibitions, and (c) the special title matters identified on Exhibit B hereto.

The Grantor (each respective Grantor separately as to the part of the Property owned and hereby conveyed by that Grantor) hereby covenants that the Property is free of all encumbrances, except as stated herein, that lawful seisin of and good right to convey the Property are vested in the Grantor, and the Grantor hereby fully warrants the title to the Property and will defend the same against the lawful claims of all Persons whomsoever.

The Grantor (each respective Grantor separately as to the part of the Property owned and hereby conveyed by that Grantor) hereby reserves in and with respect to the Property, ownership of all phosphates, phosphate rock and phosphatic substances in and under the Property and any by-products of the phosphate rock incident to the mining of such phosphate, phosphate rock or other phosphatic substances, together with full and complete rights at any time or times (except as otherwise provided herein) after 180 days advance written notice to Grantee, to mine and remove any and all such minerals and materials in any manner that Grantor in its sole discretion shall deem required or convenient and to use the surface and subsurface of the Property in any manner required or convenient in connection with mining, drilling for, removing, extracting, refining, processing, beneficiating, upgrading, treating, storing, drying, handling, shipping, transporting, selling and marketing and all such minerals and materials so owned by Grantor, or any other minerals and materials from other lands, and for the storage and disposal of wastes and debris resulting therefrom, which results of Grantor shall include all rights in connection with such activities to 1. innoc the surface and subsurface of the Property, 2. damage, destroy, or dismantle any improvements,

crops, citrus trees, timber and all other things now or hereafter
on the Property, (iii) build, erect, maintain, grant easements for,
use and operate roads, railroads, electric transmission lines,
communication lines, pipelines, ditches, dams, dikes, settling
areas, reservoirs, storage facilities, loading and shipping
facilities, washing plants, flotation plants, and other
beneficiation treatment facilities on the Property, (iv) make
consumptive and other use of water on or from the Property and
drill and use water wells thereon, and (v) use the Property for the
disposal of tailings, sands, clays, slimes, and other wastes
resulting from, and for any other purpose related to, the mining,
drilling for, extracting, refining, processing, beneficiating,
treating, storing, drying, handling, shipping, and transporting of
phosphate or other minerals mined by Grantor or Grantor's
associates, successors, or assigns, but provided, with respect to
all of the foregoing rights reserved by Grantor, Grantor shall have
no right to exercise such rights earlier than 20 years after the
date hereof. After the twentieth year from the date hereof,
Grantor will have 30 years additional time period during which
mining can commence. At any time up to the 50th year from the date
hereof, when mining commences, then the Grantor will have 40 years
from the commencement to complete mining and complete the
associated reclamation and clean-up process. The rights reserved
by Grantor herein shall automatically terminate at the earlier of
(i) 40 years from the date of commencement of any mining operations
or (ii) 90 years from the date hereof, whichever comes first. The
phosphate, minerals, materials, and other rights, privileges, and
interests hereby reserved by Grantor are herein referred to as the
"Mineral Interest." Grantor further agrees to give written notice
to Grantee at the time of commencement of or application for the
mining permit.

Grantee recognizes that the activities of Grantor in
connection with exploitation of the Mineral Interest may
substantially change the elevation, contour and condition of the
Property and may result in lakes, ponds, dams, dikes, and
accumulations of waste materials thereon, and may impair or destroy
the value of the Property, including the surface and other
interests owned by Grantee in the Property, and Grantee agrees that
Grantee's ownership and use of the Property, including the right to
mine and extract oil, gas and other minerals as herein provided
shall be inferior and subordinate to Grantor's Mineral Interest.
However, in its mining and in all other activities of Grantor on
the Property, Grantor will comply with all applicable governmental
laws and regulations.

The Mineral Interest hereby reserved by Grantor does not
include any minerals except for those specifically identified above
and reserved by Grantor, and Grantee is the owner of all other
minerals, including without limitation, all oil, gas, other
hydrocarbons and sulfur, together with the rights, in Grantee, and
Grantee's successors and assigns, to prospect, drill, mine, produce
and remove such oil, gas, other hydrocarbons and sulfur, provided
that the exercise of those rights is subordinate to and does not interfere with the rights of Grantor as provided for herein.

With respect to the Mineral Interest hereby reserved by Grantor, Grantor and Grantee further agree as set forth below.

1. Within the Property, Grantor has the right, in its sole discretion, to select the areas of the Property to be mined and the areas not to be mined and the areas of the Property to be used for other purposes for which Grantor is allowed to use the Property as provided herein. Grantor is not required to mine any of the Property. At any time when Grantor is allowed to mine and otherwise use the Property, Grantor may begin mining, cease mining and recommence mining as Grantor desires.

2. Prior to the commencement of any active mining activities Grantor will be responsible, at its own expense, for obtaining all permits necessary for Grantor's mining activities and preparing a mining and reclamation plan that Grantor will present to Grantee for review and comment.

3. Grantor, at Grantor's expense, will promptly comply or cause to be complied with, all requirements of all present and future laws, orders, ordinances, rules and regulations (including those relating to pollution or the protection of the environment) of the United States of America, the State of Florida, Manatee County, DeSoto County, and all other governmental agencies having jurisdiction to impose any duties, obligations, or restrictions upon Grantor or Grantee with respect to the Property, the Mineral Interest, and the mining thereof, including, without limitation, the reclamation of any part of the Property as required by law.

4. When Grantor completes its mining operations on the Property, or sooner at Grantor's election with respect to any part or part of the Property, Grantor shall conduct, to the extent practicable and in accordance with customary industry practices and in accordance with all then applicable laws and regulations, reclamation of the surface of the parts of the Property that have been mined or otherwise disturbed to the extent that reclamation is required by law. Except as may be required by then applicable laws, ordinances and regulations, Grantor shall not be obligated to replant trees or otherwise conduct revegetation operations on the Property. Grantor's reclamation obligations as provided for herein shall survive the surrender or release of Grantor's Mineral Interest and shall be satisfied and discharged only when Grantor has completed the reclamation in accordance with all applicable laws, ordinances and regulations and has furnished Grantee appropriate evidence thereof.

5. Grantor shall have the sole discretion regarding the manner, method and conduct of its operations and its use of the Property, subject to compliance with all applicable laws, ordinances, and regulations. Grantor shall promptly discharge any
lien that may arise against the Property as a result of Grantor’s mining or other activities on or with respect to the Property.

6. With respect to the mining of phosphate from the Property, Grantor agrees to pay to Grantee, or to such persons at such places as Grantee shall from time to time designate to Grantor in writing, payments for phosphate rock mined from the Property in the amounts and in the manner set forth below.

(a) A payment of 50¢ per short dry ton (2,000 pounds) of phosphate rock over 62 BPL produced by Grantor from phosphatic substances mined from the Property.

(b) Such payments shall be paid monthly on or before the last day of the month following the month during which the phosphate rock for which the payment is due was produced.

(c) All tonnage determinations, assays, and allocation of recovered phosphate rock shall be calculated by Grantor using Grantor’s usual business methods and procedures.

(d) For the purpose of the foregoing payments, phosphate rock will be deemed to be produced at the time it is placed in a wet rock storage pile after processing through a phosphate rock beneficiation plant.

7. Grantor shall pay and discharge all severance taxes, mining taxes, license taxes and fees, personal property and equipment taxes, and similar taxes assessed with respect to Grantor’s mining operations and mining plants and facilities. Grantee will pay all ad valorem real property taxes assessed with regard to the Property, except that if such real estate taxes applicable to the Property increase as a direct result of Grantor’s mining activities, Grantor shall reimburse Grantee for such increase upon receipt of Grantee’s invoice therefor and appropriate supporting documentation. In the event part of the Property should be used for any fixed facility other than excavation activity, then Grantor will pay all real estate taxes on such acreage occupied. Grantor’s obligation to so reimburse Grantee for a real estate tax increase shall cease upon completion of reclamation by Grantor in accordance with paragraph 4, above.

8. Grantor shall keep complete and accurate books and records showing the number of dry tons of phosphate rock produced from the Property and such books and records shall be open for inspection by Grantee and its agents or nominees at all reasonable times and at reasonable intervals.

9. Grantor agrees to and does hereby indemnify and hold Grantee harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and
property arising out of Grantor's activities on or about the Property. Grantee agrees to and does hereby indemnify and hold Grantor harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and property arising out of Grantee's activities on or about the Property. Prior to the commencement of any mining activities, Grantor will provide Grantee with a Certificate of Insurance in an amount deemed acceptable to Grantee, naming Grantee as an additional insured, which shall remain in effect for the entire period of Grantor's mining operations and reclamation.

10. Grantee shall have the right at all reasonable times to enter upon the Property to observe the mining and related activities of Grantor.

11. Whenever requested by Grantor, Grantee agrees to join in the execution of instruments granting to third parties easements or rights-of-way across the Property for roads, railroads, electric powerlines, pipelines, and other utilities, and to join in any applications initiated by Grantor for the closing and vacating of any road or street on the Property if such closing or vacating will benefit Grantor's mining and related operations on the Property. Grantee hereby grants to Grantor full rights of ingress and egress to the Property over and across any access and service roads on other lands owned by Grantee, if any, including the right to install and maintain electric transmission lines thereon.

12. Grantor shall not be liable for any failure or delay in the performance of any of its obligations hereunder if and to the extent that such delay or failure is due in whole or in part to any contingency or cause of any nature beyond Grantor's reasonable control, including, without in any way limiting the generality of the foregoing, acts of God, war, insurrection, riot, storm, flood, or other adverse weather condition, strike, lockout, or other labor difficulty (from whatever cause arising, and whether or not the demands of the employees are reasonable or within Grantor's power to grant), law, act, order, regulation, ordinance, instruction or request of government or other public authority, failure to obtain or loss or suspension of necessary licenses or permits, or curtailments or suspensions of operations to remedy or avoid an actual or alleged violation of federal, state, or local pollution, safety, health, or welfare standards as may be in effect from time to time. In the event of the happening of such a contingency or cause, the time for Grantor's performance shall be extended for the time that Grantor's performance was so prevented.

13. In case of any dispute or litigation as to Grantor's ownership of or title to the phosphate rock in or taken from the Property, or as to Grantee's right to receive the payments provided for herein, Grantor may withhold payment to Grantee until final adjudication or settlement of the dispute or litigation and for a period of up to 60 days after Grantor has received satisfactory
evidence of a settlement or adjudication favorable to Grantor and Grantee. If the dispute or litigation is settled favorably to Grantor and Grantee, Grantor shall pay Grantee interest on the amounts withheld at a variable rate of interest equal to the prime rate of interest charged by Morgan Guaranty & Trust Company of New York during the period that the payments were withheld.

14. All notices and communications hereunder shall be in writing and may be given by the parties (a) by mail or expedited mail service, such as Federal Express, at their respective addresses contained herein, or (b) by telecopy or facsimile transmission, or (c) by manual delivery. Notices given by mail, including expedited delivery, shall be deemed given when deposited with the carrier, properly addressed and with postage paid or charged to the sender. Notices given by telecopy or facsimile transmission shall be deemed given when received at the correct telephone number for the addressee. Notices given by manual delivery shall be deemed received when actually received at the address of the addressee. All notices and communications hereunder shall be addressed to the parties as set forth below.

Either party hereto may change its address for the purpose of receiving notices and communications by giving written notice thereof to the other party in accordance with the provisions of this paragraph. If the last day for giving notice or performing any act hereunder falls on a Saturday, Sunday, or other recognized
holiday, the time shall be extended to the next day that is not a Saturday, Sunday, or recognized holiday.

15. Any operations or activities on the Property relating to minerals other than to the minerals included in Grantor’s reserved Mineral Interest and any taking or use of underground water from the Property shall be subordinate to and shall not materially interfere with Grantor’s rights hereunder. Grantee shall give Grantor written notice, reasonably in advance, of any such proposed operations or taking or use of water.

16. Grantor may at any time release its interest in part or parts of the Property by executing and delivering to Grantee a quitclaim deed therefor in recordable form. However, no such release shall relieve Grantor of any of its obligations hereunder. Either party may assign, lease, or otherwise transfer that party’s rights in and with respect to the Property in whole or in part without the consent of the other party. No assignment or transfer of Grantee’s rights in all or any part of the Property shall operate to diminish Grantor’s rights. No assignment or transfer of Grantee’s right to receive payments from Grantor as provided for herein shall be binding upon Grantor until 60 days after Grantor has received evidence sufficient, in Grantor’s reasonable opinion, to establish the claim of the assignee or transferee. Upon any grant or assignment by the Grantee of all or part of its interest in the Property, then in the absence of any expression in the instrument conveying or assigning the same of the way the parties thereto shall share in the payments provided to be made hereunder to Grantee, Grantor may deposit in escrow with a bank doing business in Manatee County, Florida, all or so much of any such payments coming due hereunder as Grantor deems requisite until the parties join in an instrument determining such matters.

In order to protect the interests of Grantor and Grantee hereunder, Grantor hereby restricts the use of the Property as set forth below.

(a) No part of the Property may be mined for phosphate or any other minerals reserved to Grantor herein earlier than 20 years after the date hereof.

(b) No part of the Property may be developed for residential purposes. The Property may be used for any other purposes provided it does not interfere with exploitation of the Mineral Interest herein reserved to Grantor, it being the intention of the parties that the Property will be used only for agricultural purposes and other purposes that will not interfere with Grantor’s mining and reclamation until Grantor’s mining and reclamation as provided for herein are complete.

The foregoing restrictions shall run with title to the Property and be binding upon any and all persons having any ownership interest
in the Property. The foregoing restrictions may be enforced by
Grantee, or any other owner of any part of the Property, Grantor,
any party who succeeds to any of the rights of Grantor, hereunder,
or any other person whose interest in the Property will or may be
protected by enforcement of the foregoing restrictions. Enforce-
ment may be by an action seeking an injunction to stop or prevent
violation of the restrictions, or by any other action (including
suits for money damages) or means provided or allowed by Florida
law.

With respect to the Property conveyed hereby and subject to
the Mineral Interest reserved by Grantor herein, the Grantor
additionally grants and conveys to the Grantee, but without
warranties of title, all right, title and interest of Grantor in
and to all riparian and littoral rights, water rights, drainage
rights, well rights, all consumptive use permits currently issued
with respect to the Property, and any and all streets, roads,
highways, easements, rights of access, and rights-of-way
appurtenant to the Property, and all right, title and interest of
Grantor in and to any and all covenants, restrictions, and
agreements benefiting the Property and any and all rights and
privileges in and to and pertaining to the Property.

Full power and authority are hereby conferred upon the
Grantee, as trustee aforesaid, to protect, conserve, sell, lease,
encumber or otherwise to manage and dispose of the Property, it
being the intention to vest in the Grantee, as trustee aforesaid,
full right of ownership over the Property as authorized and
contemplated by Section 689.071, Florida Statutes.

As used herein, the terms Grantor and Grantee include and mean

OUTSTANDING MINERAL INTERESTS

1. Reservation by Eloise S. Page of an undivided interest (not exceeding 1/16) in and to any royalties of oil and gas (but not other minerals) that may be produced, as set forth in instrument dated November 12, 1959, recorded in DB 272, page 257; Sections 6, 7, and 8-37-23.

2. An undivided 1/2 of the royalty rights in any oil, gas or other minerals that might be in or upon lands in Sections 32 and 33-36-23, reserved in Warranty Deed from Nocatee Farms and Cattle Company, a Florida corporation, to Joe L. Davis and Patricia M. Davis, his wife, dated June 1, 1961, ORB 4, page 645. This reservation was the subject of a Notice pursuant to Section 704.05, Florida Statutes, filed July 2, 1976, by the Trustees of Nocatee Farms and Cattle Company, Incorporated, a dissolved Florida corporation, in Official Records Book 123, page 784.

(End of Exhibit B)
CORRECTIVE WARRANTY DEED

The Grantor (so-called whether one or more), IMC-AGRICO COMPANY, a Delaware general partnership, whose address is Post Office Box 2000, Mulberry, Florida 33860, and IMC DEVELOPMENT CORPORATION, a Delaware corporation, as trustee under trust agreement dated February 9, 1967, whose address is 2100 Sanders Road, Northbrook, Illinois 60062, in consideration of the sum of ten dollars and other valuable considerations received from the Grantee, JAMES D. BREWER (social security no. ___________), WALTER L. BREWER (social security no. ___________), and ROBERT C. BREWER (social security no. ___________), as tenants in common, whose mailing address is Post Office Box 400, Nocatee, Florida 33864, hereby grants and conveys to the Grantee the real property described on Exhibit A attached hereto and herein called the "Property."

This is a corrective deed given to correct an error in a deed from the Grantor herein to the Grantee herein dated as of May 31, 1994, and recorded in Official Records Book 331, page 90, DeSoto County, Florida, in which it was erroneously stated that IMC Development Corporation was trustee under a trust agreement dated February 9, 1967, when the correct trust agreement date was February 26, 1965.

This conveyance and title to the Property are or may be subject to (a) real estate taxes for 1994, (b) zoning and other governmental restrictions and prohibitions, and (c) the special title matters identified on Exhibit B hereto.

The Grantor (each respective Grantor separately as to the part of the Property owned and hereby conveyed by that Grantor) hereby covenants that the Property is free of all encumbrances, except as
stated herein, that lawful seisin of and good right to convey the 
Property are vested in the Grantor, and the Grantor hereby fully 
warrants the title to the Property and will defend the same against 
the lawful claims of all persons whomsoever.

The Grantor (each respective Grantor separately as to the part 
of the Property owned and hereby conveyed by that Grantor) hereby 
reserves in and with respect to the Property, ownership of all 
phosphate, phosphate rock and phosphatic substances in and under 
the Property and any by-products of the phosphate rock incident to 
the mining of such phosphate, phosphate rock or other phosphatic 
substances, together with full and complete rights at any time or 
times (except as otherwise provided herein) after 180 days advance 
written notice to Grantee, to mine and remove any and all such 
minerals and materials in any manner that Grantor in its sole 
discretion shall deem required or convenient and to use the surface 
and subsurface of the Property in any manner required or convenient 
in connection with mining, drilling for, removing, extracting, 
refining, processing, beneficiating, upgrading, treating, storing, 
drying, handling, shipping, transporting, selling and marketing any 
and all such minerals and materials so owned by Grantor, or any 
other minerals and materials from other lands, and for the storage 
and disposal of wastes and debris resulting therefrom, which rights 
in Grantor shall include all rights in connection with such 
activities to (i) injure the surface and subsurface of the 
Property, (ii) damage, destroy, or dismantle any improvements, 
crops, citrus trees, timber and all other things now or hereafter 
on the Property, (iii) build, erect, maintain, grant easements for, 
use and operate roads, railroads, electric transmission lines, 
communication lines, pipelines, ditches, dams, dikes, settling 
ar easions, reservoirs, storage facilities, loading and shipping 
facilities, washing plants, flotation plants, and other 
beneficiation treatment facilities on the Property, (iv) make 
consumptive and other use of water on or from the Property and 
drill and use water wells thereon, and (v) use the Property for the 
disposal of tailings, sands, clays, slimes, and other wastes 
resulting from, and for any other purpose related to, the mining, 
drilling for, extracting, refining, processing, beneficiating, 
treating, storing, drying, handling, shipping, and transporting of 
phosphate or other minerals mined by Grantor or Grantor's 
associates, successors, or assigns, but provided, with respect to 
all of the foregoing rights reserved by Grantor, Grantor shall have 
no right to exercise such rights earlier than 20 years after the 
date hereof. After the twentieth year from the date hereof, 
Grantor will have 30 years additional time period during which 
misining can commence. At any time up to the 50th year from the date 
hereof, when mining commences, then the Grantor will have 40 years 
from the commencement to complete mining and complete the 
associated reclamation and clean-up process. The rights reserved 
by Grantor herein shall automatically terminate at the earlier of
CORRECTIVE WARRANTY DEED

(i) 40 years from the date of commencement of any mining operations or (ii) 90 years from the date hereof, whichever comes first. The phosphate, minerals, materials, and other rights, privileges, and interests hereby reserved by Grantor are herein referred to as the "Mineral Interest." Grantor further agrees to give written notice to Grantee at the time of commencement of or application for the mining permit.

Grantee recognizes that the activities of Grantor in connection with exploitation of the Mineral Interest may substantially change the elevation, contour and condition of the Property and may result in lakes, ponds, dams, dikes, and accumulations of waste materials thereon, and may impair or destroy the value of the Property, including the surface and other interests owned by Grantee in the Property, and Grantee agrees that Grantee's ownership and use of the Property, including the right to mine and extract oil, gas and other minerals as herein provided shall be inferior and subordinate to Grantor's Mineral Interest. However, in its mining and in all other activities of Grantor on the Property, Grantor will comply with all applicable governmental laws and regulations.

The Mineral Interest hereby reserved by Grantor does not include any minerals except for those specifically identified above and reserved by Grantor, and Grantee is the owner of all other minerals, including without limitation, all oil, gas, other hydrocarbons and sulfur, together with the rights, in Grantee, and Grantee's successors and assigns, to prospect, drill, mine, produce and remove such oil, gas, other hydrocarbons and sulfur, provided that the exercise of those rights is subordinate to and does not interfere with the rights of Grantor as provided for herein.

With respect to the Mineral Interest hereby reserved by Grantor, Grantor and Grantee further agree as set forth below.

1. Within the Property, Grantor has the right, in its sole discretion, to select the areas of the Property to be mined and the areas not to be mined and the areas of the Property to be used for other purposes for which Grantor is allowed to use the Property as provided herein. Grantor is not required to mine any of the Property. At any time when Grantor is allowed to mine and otherwise use the Property, Grantor may begin mining, cease mining and recommence mining as Grantor desires.

2. Prior to the commencement of any active mining activities Grantor will be responsible, at its own expense, for obtaining all permits necessary for Grantor's mining activities and preparing a mining and reclamation plan that Grantor will present to Grantee for review and comment.
3. Grantor, at Grantor's expense, will promptly comply or cause to be complied with, all requirements of all present and future laws, orders, ordinances, rules and regulations (including those relating to pollution or the protection of the environment) of the United States of America, the State of Florida, Manatee County, DeSoto County, and all other governmental agencies having jurisdiction to impose any duties, obligations, or restrictions upon Grantor or Grantee with respect to the Property, the Mineral Interest, and the mining thereof, including, without limitation, the reclamation of any part of the Property as required by law.

4. When Grantor completes its mining operations on the Property, or sooner at Grantor's election with respect to any part or parts of the Property, Grantor shall conduct, to the extent practicable and in accordance with customary industry practices and in accordance with all then applicable laws and regulations, reclamation of the surface of the parts of the Property that have been mined or otherwise disturbed to the extent that reclamation is required by law. Except as may be required by then applicable laws, ordinances and regulations, Grantor shall not be obligated to replant trees or otherwise conduct revegetation operations on the Property. Grantor's reclamation obligations as provided for herein shall survive the surrender or release of Grantor's Mineral Interest and shall be satisfied and discharged only when Grantor has completed the reclamation in accordance with all applicable laws, ordinances and regulations and has furnished Grantee appropriate evidence thereof.

5. Grantor shall have the sole discretion regarding the manner, method and conduct of its operations and its use of the Property, subject to compliance with all applicable laws, ordinances, and regulations. Grantor shall promptly discharge any lien that may arise against the Property as a result of Grantor's mining or other activities on or with respect to the Property.

6. With respect to the mining of phosphate from the Property, Grantor agrees to pay to Grantee, or to such persons at such places as Grantee shall from time to time designate to Grantor in writing, payments for phosphate rock mined from the Property in the amounts and in the manner set forth below.

(a) A payment of 50¢ per short dry ton (2,000 pounds) of phosphate rock over 62 BPL produced by Grantor from phosphatic substances mined from the Property.

(b) Such payments shall be paid monthly on or before the last day of the month following the month during which the phosphate rock for which the payment is due was produced.
(c) All tonnage determinations, assays, and allocation of recovered phosphate rock shall be calculated by Grantor using Grantor’s usual business methods and procedures.

(d) For the purpose of the foregoing payments, phosphate rock will be deemed to be produced at the time it is placed in a wet rock storage pile after processing through a phosphate rock beneficiation plant.

7. Grantor shall pay and discharge all severance taxes, mining taxes, license taxes and fees, personal property and equipment taxes, and similar taxes assessed with respect to Grantor’s mining operations and mining plants and facilities. Grantee will pay all ad valorem real property taxes assessed with regard to the Property, except that if such real estate taxes applicable to the Property increase as a direct result of Grantor’s mining activities, Grantor shall reimburse Grantee for such increase upon receipt of Grantee’s invoice therefor and appropriate supporting documentation. In the event part of the Property should be used for any fixed facility other than excavation activity, then Grantor will pay all real estate taxes on such acreage occupied. Grantor’s obligation to so reimburse Grantee for a real estate tax increase shall cease upon completion of reclamation by Grantor in accordance with paragraph 4, above.

8. Grantor shall keep complete and accurate books and records showing the number of dry tons of phosphate rock produced from the Property and such books and records shall be open for inspection by Grantee and its agents or nominees at all reasonable times and at reasonable intervals.

9. Grantor agrees to and does hereby indemnify and hold Grantee harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and property arising out of Grantor’s activities on or about the Property. Grantee agrees to and does hereby indemnify and hold Grantor harmless from and against all claims, demands, suits, or causes of action for damages and injury of any kind to persons and property arising out of Grantee’s activities on or about the Property. Prior to the commencement of any mining activities, Grantor will provide Grantee with a Certificate of Insurance in an amount deemed acceptable to Grantee, naming Grantee as an additional insured, which shall remain in effect for the entire period of Grantor’s mining operations and reclamation.

10. Grantee shall have the right at all reasonable times to enter upon the Property to observe the mining and related activities of Grantor.
11. Whenever requested by Grantor, Grantee agrees to join in the execution of instruments granting to third parties easements or rights-of-way across the Property for roads, railroads, electric-powerlines, pipelines, and other utilities, and to join in any applications initiated by Grantor for the closing and vacating of any road or street on the Property if such closing or vacating will benefit Grantor’s mining and related operations on the Property. Grantee hereby grants to Grantor full rights of ingress and egress to the Property over and across any access and service roads on other lands owned by Grantee, if any, including the right to install and maintain electric transmission lines thereon.

12. Grantor shall not be liable for any failure or delay in the performance of any of its obligations hereunder if and to the extent that such delay or failure is due in whole or in part to any contingency or cause of any nature beyond Grantor’s reasonable control, including, without in any way limiting the generality of the foregoing, acts of God, war, insurrection, riot, storm, flood, or other adverse weather condition, strike, lockout, or other labor difficulty (from whatever cause arising, and whether or not the demands of the employees are reasonable or within Grantor’s power to grant), law, act, order, regulation, ordinance, instruction or request of government or other public authority, failure to obtain or loss or suspension of necessary licenses or permits, or curtailments or suspensions of operations to remedy or avoid an actual or alleged violation of federal, state, or local pollution, safety, health, or welfare standards as may be in effect from time to time. In the event of the happening of such a contingency or cause, the time for Grantor’s performance shall be extended for the time that Grantor’s performance was so prevented.

13. In case of any dispute or litigation as to Grantor’s ownership of or title to the phosphate rock in or taken from the Property, or as to Grantee’s right to receive the payments provided for herein, Grantor may withhold payment to Grantee until final adjudication or settlement of the dispute or litigation and for a period of up to 60 days after Grantor has received satisfactory evidence of a settlement or adjudication favorable to Grantor and Grantee. If the dispute or litigation is settled favorably to Grantor and Grantee, Grantor shall pay Grantee interest on the amounts withheld at a variable rate of interest equal to the prime rate of interest charged by Morgan Guaranty & Trust Company of New York during the period that the payments were withheld.

14. All notices and communications hereunder shall be in writing and may be given by the parties (a) by mail or expedited mail service, such as Federal Express, at their respective addresses contained herein, or (b) by telecopy or facsimile transmission, or (c) by manual delivery. Notices given by mail,
including expedited delivery, shall be deemed given when deposited with the carrier, properly addressed and with postage paid or charged to the sender. Notices given by telexcopy or facsimile transmission shall be deemed given when received at the correct telephone number for the addressee. Notices given by manual delivery shall be deemed received when actually received at the address of the addressee. All notices and communications hereunder shall be addressed to the parties as set forth below.

FAX: 708/205-4805
ATTN: Corporate Secretary

If to Grantee:

Any or all of James D. Brewer, Walter L. Brewer or Robert C. Brewer
Post Office Box 400
Nocatee, Florida 33864
FAX:

Either party hereto may change its address for the purpose of receiving notices and communications by giving written notice thereof to the other party in accordance with the provisions of this paragraph. If the last day for giving notice or performing any act hereunder falls on a Saturday, Sunday, or other recognized holiday, the time shall be extended to the next day that is not a Saturday, Sunday, or recognized holiday.

15. Any operations or activities on the Property relating to minerals other than to the minerals included in Grantor's reserved Mineral Interest and any taking or use of underground water from the Property shall be subordinate to and shall not materially interfere with Grantor's rights hereunder. Grantee shall give Grantor written notice, reasonably in advance, of any such proposed operations or taking or use of water.

16. Grantor may at any time release its interest in part or parts of the Property by executing and delivering to Grantee a
quitclaim deed therefor in recordable form. However, no such release shall relieve Grantor of any of its obligations hereunder. Either party may assign, lease, or otherwise transfer that party's rights in and with respect to the Property in whole or in part without the consent of the other party. No assignment or transfer of Grantee's rights in all or any part of the Property shall operate to diminish Grantor's rights. No assignment or transfer of Grantee's right to receive payments from Grantor as provided for herein shall be binding upon Grantor until 60 days after Grantor has received evidence sufficient, in Grantor's reasonable opinion, to establish the claim of the assignee or transferee. Upon any grant or assignment by the Grantee of all or part of its interest in the Property, then in the absence of any expression in the instrument conveying or assigning the same of the way the parties thereto shall share in the payments provided to be made hereunder to Grantee, Grantor may deposit in escrow with a bank doing business in Manatee County, Florida, all or so much of any such payments coming due hereunder as Grantor deems requisite until the parties join in an instrument determining such matters.

In order to protect the interests of Grantor and Grantee hereunder, Grantor hereby restricts the use of the Property as set forth below.

(a) No part of the Property may be mined for phosphate or any other minerals reserved to Grantor herein earlier than 20 years after the date hereof.

(b) No part of the Property may be developed for residential purposes. The Property may be used for any other purposes provided it does not interfere with exploitation of the Mineral Interest herein reserved to Grantor, it being the intention of the parties that the Property will be used only for agricultural purposes and other purposes that would not interfere with Grantor's mining and reclamation until Grantor's mining and reclamation as provided for herein are complete.

The foregoing restrictions shall run with title to the Property and be binding upon any and all persons having any ownership interest in the Property. The foregoing restrictions may be enforced by Grantee, or any other owner of any part of the Property, Grantor, any party who succeeds to any of the rights of Grantor, hereunder, or any other person whose interest in the Property will or may be protected by enforcement of the foregoing restrictions. Enforcement may be by an action seeking an injunction to stop or prevent violation of the restrictions, or by any other action (including suits for money damages) or means provided or allowed by Florida law.
With respect to the Property conveyed hereby and subject to the Mineral Interest reserved by Grantor herein, the Grantor additionally grants and conveys to the Grantee, but without warranties of title, all right, title and interest of Grantor in and to all riparian and littoral rights, water rights, drainage rights, well rights, all consumptive use permits currently issued with respect to the Property, and any and all streets, roads, highways, easements, rights of access, and rights-of-way appurtenant to the Property, and all right, title and interest of Grantor in and to any and all covenants, restrictions, and agreements benefiting the Property and any and all rights and privileges in and to and pertaining to the Property.

As used herein, the terms Grantor and Grantee include and mean the parties hereto and their respective successors and assigns.
