Note: our penalty amounts include not only fines and monetary settlements but also costs such as supplementary environmental projects or consumer relief that companies are often compelled to undertake as part of settlements. If the settlement includes fines paid to state governments, those are included as well.

I have been a Manatee County Citizen for over 40 years I know firsthand what Mosaic is

Legacy

What will be this Commissions Legacy?

What will you leave for you children and grandchildren for generations to come

Will you leave a healthy environment or one with a high cancer rate?

Go to Polk County and other Counties that have had Mosaic mining

Go Speak to some of the folks that have been affected by Mosaic

You owe that to the Citizens of DeSoto County

You owe it to your children and grandchildren

I encourage a moratorium on mining until you have all the facts from experts, 3rd party evaluations and others
